## Plan for Heights March of Dimes drive

Mrs. Charles Rehfeldt, town chairman of the March of Dimes drive in Arlington Heights, pointing out neighborhood chairmen and the districts they will serve, to Mrs. Milton Haase, second from left, president of the Arlington Heights Woman's club, which is sponsoring the drive; W. M. Runyon, state representative for the March of Dimes, and Mrs. Joe Grant, who is working with Virgil Horath (not pictured) an Arlington business man, doing publicity for the drive.

## Woman's club to hold Mothers' March on Polio

The annual March of Dimes program for Arlington Heights is receiving a helping hand this year from the Woman's club, who are planning a Mothers' March on Polio porch lighting drive for January 29.

Various neighborhood chairmen met Friday with the town chairman, Mrs. Robert Rehfeldt, to lay further plans for the special drive. They were shown a movie on how the Mothers' March of Polio was conducted in Phoenix, to acquaint them with the type of drive which is to be held.

Canvassers will call only at homes which have their porch lights on the night of the drive, between the hours of 7 and 8 p.m. The village has been divided into districts, each in charge of a neighborhood chairman, who head the block contact mothers doing the canvassing in that particular section.

**TRADITIONAL** March of Dimes coin folders are already in the mails, and when filled, may be returned to Wilbert C. Hartmann, Arlington Heights March of Dimes treasurer. The special March of Polio by the mothers is being planned so that many folders which residents intended to return, but didn't get around to it, may be collected. Final plans will be made January 23, when the neighborhood chairmen and block contact mothers will meet with the town chairman for last minute instructions.

Neighborhood chairmen for the south side district are: Mrs. Ira Prouty, Mrs. H. G. Unger, Mrs. William Trude, Mrs. Walter Edelblute, North side: Mrs. James Murphy, Mrs. Fred Paulsen, Mrs. E. Harris, Mrs. Wilbur Inman, Mrs. Oscar Kurtz, Mrs. Eber Cline, Mrs. Vincent Hofeling. Subdivisions: Mrs. Carl Ewert, Scarsdale; Mrs. John A. Lindstrom, Scarsdale Estates; Mrs. Shanklin, Stonegate; Mrs. William Runyon, Eastwood; Mrs. F. Waswo, Arlington; Mrs. Ronald Eharke, Sherwood; Mrs. Paul Doane, Mrs. Frank Menzel and Mrs. Frank Golle, all in Arlington Park.

## Skaters enjoy facilities at Recreation Park

Recreation Park, Arlington Heights, has been almost as busy a bee hive during the past few weeks as it is during the summer, when the swimming pool is open.

The weatherman has helped contribute to this factor by keeping the air just cold enough to keep the skating pond frozen. Skaters are enjoying the snug shelter house, which was equipped recently with a furnace. Another special treat for the skaters is the recorded music amplified through an outdoor speaker, which encourages even the worst skaters to do a few dips, bends and twirls as they glide across the ice.

**KENNETH WELLS** of Arlington Heights, who at one time skated with the Ice Capades, and still gives skating lessons at the Chicago Arena, has been giving lessons in the evenings and week ends at the local pond. During the past summer Wells was employed by the Park District and also gave swimming lessons at the Arlington pool.

With all these added advantages at the Arlington ice pond, and with the weatherman's continued cooperation this should be one of the best ice skating seasons in the village. Snow has been plentiful and the toboggan slide has come in for its share of use too.

## Purchase of R.R. parks by village awaits North Western action

Arlington Heights village and park officials have gone as far as they can regarding the purchase of the railroad parks, which the North Western has indicated it desires to sell.

A tentative offer has been made to the company. Its acceptance depends upon the action of the railroad's board of directors at a coming meeting in New York City.

Following its acceptance by the railroad the next step will be the calling of a special election for the required bond issue.

## Abandon plans for suburban police station

Plans for a new county highway police sub-station in the Northwest area have been abandoned, according to Chief Patrick Touhy of the sheriff's office.

**THE PLANS** were dropped after the county commissioners failed to provide in the 1952 budget for the hiring of 100 new deputies.

Chief Touhy explained that the move was impractical without the additional men.

Preliminary plans had been made to acquire a section of the new county highway building at Algonquin rd. to be used as the sub-station.

## New Mauer subdivision plans are referred to plan commission

Arlington Heights Plan commission has been asked to examine plans of the Jacob Mauer subdivision west of Dunton between Oakton and Willow sts.

Mauer's present plans call for lots 49 1/2 ft. wide. An ordinance is being drafted that places a minimum of 66 feet on lots of future subdivisions.

## Loot Heights Legion Post; video set, money missing

Thieves broke into the American Legion home in Arlington Heights early Tuesday morning and made off with loot valued at more than \$500.

Taken from the building at 121 N. Douglas ave. was a 16-inch Admiral desk model television and amplifier sound system, including a microphone.

Coin boxes in a juke box and slot machine were broken open and the money taken. A quantity of cigarettes and liquor was also reported missing.

**THE BURGLARY**, the latest in a series which has struck Legion and VFW homes in the Northwest area, the past year, was discovered shortly after 1 a. m. by Patrolman Oscar Johnson in a routine check of business establishments.

Officer Johnson reported he found a rear door to the building standing open. Further investigation showed entrance to the building had been gained by prying open a south side window with a small tool.

Footprints found near the open window were partly filled with fresh fallen snow enabling officers to estimate time of burglary as after midnight Monday.

**ALTHOUGH** the Legion home was not open Monday night, a member of the Post who had been working there told police he left about 10:30 p. m.

Officer Johnson reported that

## Jaycees charter night banquet January 17

A charter night banquet will climax several weeks of intensive planning by the newly created Wheeling Township Junior Chamber of Commerce. The chapter will receive its official charter January 17, at 7:15 p.m. at Faith Lutheran church, Arlington Heights. Tickets may be purchased from any Jaycee member for \$2.50.

Rod McLennan, chairman of the charter night committee, stressed that everyone is invited to attend and suggested that many persons will be especially interested in hearing the illustrated Freedom Forum talk. This talk is one which has been developed by the speakers' bureau of the Chicago Jaycees and which has attracted national fame because of the forceful clarity with which the American heritage is presented.

**THE ORGANIZATION** of the local chapter got under way November 15. Since that date officers have been elected, committees set up and a constitution approved. The group is open to all young men between the ages of 21 and 35. Its purpose is to provide leadership training for dynamic citizenship through the sponsorship of projects for civic improvement. The local group has already undertaken the task of co-operating with the Arlington Heights Community Council by conducting an area-wide door-to-door canvass to secure pledges for the forthcoming blood donor drive.

The highlight of the banquet will be the presentation of the official charter by the officers of the Chicago chapter of the Junior Chamber of Commerce.

Members and guests will also be honored by the presence of the mayors of Arlington Heights, Mt. Prospect, Prospect Heights, and Wheeling.

## Three Palatine pioneer residents die during past week

Palatine's oldest living man and oldest living woman both died the past week within a few days of each other. Both were over 90 years old, having been born several years before the start of the civil war.

A third old timer was born in 1869, four years after his close. Their total ages were 273 years.

Wm. Kroenke, 99, who remained a bachelor all of his life, was a farmer until his retirement 45 years ago. He was born in Palatine a year before the arrival of the railroad.

Mrs. Conrad Blume, 92, was the daughter of a farmer and she spent the greater part of her life on two farms near the village.

Fred Holste, 82, was likewise a farmer in his younger days. He married in 1896 the daughter of Ernest Prellberg, who operated one of Palatine's earliest business firms in a store building which moved to Palatine after the arrival of the railroad.

With these deaths, practically all members of another generation have died, only a few of its youngest members remain.

**Legion officials** had no insurance on the missing articles. No damage to furnishings was reported.

**CHIEF OF POLICE** Carl Skoog said he believed the burglary was directly connected with other burglaries of veterans' posts in this area.

On June 22, 1951, the Arlington Legion home, VFW post in Mt. Prospect, and the Legion home in Riverside were burglarized.

The thieves carried off a television set from both the Arlington and Mt. Prospect posts and two television sets from the Riverside headquarters.

Since that time the thieves have made two return visits to Mt. Prospect and obtained two more video sets.

Chief Skoog said a check by Arlington police showed that neither Mt. Prospect nor Riverside veterans' posts were burglarized Monday night. A check of other suburban towns is being made.

## Monoxide fumes nearly fatal to Heights visitor

A 27-year-old, Chicago man narrowly escaped death from carbon monoxide fumes as he sat early Sunday morning in his auto parked in front of his brother's home in Arlington Heights.

**THE MAN**, Clifford Krysh, a truck driver, was revived by the Arlington Heights fire department and later treated by a physician.

A defective exhaust was blamed for the fumes as Krysh dozed in his auto waiting for his brother, George, of 611 E. Euclid ave., to awake so the pair could start on a rabbit hunting trip.

Clifford had made plans for the hunting trip and was expected to stay Saturday evening at his brother's home. Instead he arrived at the Euclid avenue address shortly after 4 a. m. Sunday and decided not to awaken his brother until daylight.

**THE BROTHER**, George, awoke about 7 a. m. and saw his brother's car parked in front of the home. He investigated and found his brother in an unconscious condition.

The fire department was summoned and Clifford was revived and treated by Dr. B. T. Best. Later this week he was able to be taken to his Chicago home.

## \$1,400 in merchandise, tools stolen from Wheeling merchant

Burglars made off with more than \$1,400 worth of merchandise and tools belonging to Geest and Wheeling Coal and Lumber Co., Dundee rd., Wheeling, some time during the night of January 2.

Ray Miller, vice president of the company, told the police he had left the store at 10:30 p. m. It was between that time and 7:30 a. m. when Miller returned to open the store, that the building was entered.

The thieves took only certain kinds of expensive enamel, and only the most expensive coated nails. Many power tools and wrenches were also taken.

Entry was made through a rear door, which had been forced open with a crow bar. Exit was made via the front door with a key found in the cash register.

## Community council to aid in 'Blood for Korea' campaign

September 10, 1951, Gen. George C. Marshall, on a nationwide radio and television broadcast, presented to the nation the acute shortage of plasma at the front, and the need for many more donors.

He said in part, "The military needs for whole blood from which plasma can be processed have been set at 300,000 pints per month for every month until July, 1952." Donations have fallen as low as 36,000 pints in July of 1951.

**ANYONE WHO** has a son or husband in the service must be appreciative of the benefits of plasma, since at present medical men are able to save the lives of 98 out of 100 men wounded at the front, due almost entirely to the use of plasma on the spot to prevent shock.

However, it takes three pints of blood to make one pint of plasma (more easily stored than whole blood) and the average amount of plasma given to save one soldier's life is seven pints. From this it can be readily seen that a great deal of whole blood must be processed regularly to meet military needs.

Named by the government as the official agency to plan and coordinate this nationwide blood program, the American Red Cross is being actively assisted by the American Medical Association, the American Association of Blood Banks, the American Hospital Association, and the College of American Pathologists.

Thus, it should be understood

that this campaign is not to be considered strictly a Red Cross program, but more properly a national effort in which it is each citizen's right and patriotic duty to participate.

**AFTER NUMEROUS** local inquiries, the Arlington Heights Community Council under the leadership of Mrs. George Tuttle decided to sponsor a drive.

This community effort is now organized and pledge cards are being circulated by one representative in each social and business organization in the village.

Clubs which have not had cards sent to them should contact Mrs. Richard L. Brownwell, 403 N. Douglas ave., or Forrest Davis, village clerk, who is also local Red Cross chairman, in Palatine, Mrs. James Monroe, 52 N. Greenwood, should be contacted.

Signed pledges should be returned to the above persons as soon as possible to be included in the weekly total shown in the progress chart.

**THE LOCAL** Jaycee chapter is co-operating by conducting a door to door canvass of the community and distributing pledge cards.

The mobile unit will be at the Arlington Heights field house, February 19 from 2 p. m. to 8 p. m. and February 20 from 10 a. m. to 4 p. m.

Volunteers for help in clerical work which will be necessary near the end of the drive will be appreciated by Mrs. Brownwell.

## Scarsdale property owners oppose future industries in Arlington

Harvey Orndorff, 433 S. Belmont, appeared before Arlington Heights village board Monday evening and registered the disapproval of the Scarsdale Property Owners association to the admission of any further industries in the village. He stated that the town should be kept as a residential community.

An annexation ordinance was given first reading. It covers 69 acres of the Kirchhoff farm, lying east of the route 83 extension. The ordinance was prepared on the petition of George and Louis Kirchhoff, both manufacturing co. is considering its purchase. The Kirchhoffs are excluding from the annexation a strip 150 feet wide on the east side, adjoining the village of Mt. Prospect.

Willard C. Walters, chairman of the board, which was no dedication of any part of the property for park or other municipal purposes, as the plan commission has recommended for future annexations or subdivisions.

Attorney Thal explained that annexation must first be completed before the village can get authority over the tract, and that possible dedications would come later.

## Drop larceny charge against Arlington youth on eve of induction

The famous grandmother's clock case in which a grand jury was given the present of a clock which had been swiped from the C&NW depot in Palatine, came to a close Thursday night when larceny charges against an Arlington Heights youth were dropped in Palatine police court.

The young man was due for induction into the army the next morning, so in order to give him a break and a chance for a useful future, the charges were dropped. He was, however, fined \$50 and costs on a charge of disorderly conduct.

A Palatine autoist was fined \$50 and costs the same evening for a New Year's drive down the railroad tracks east of Smith street. This is the second track driver to get such a fine in the last few weeks.

The Palatine police are determined to put a stop to this driving on the railroad tracks and if \$50 fines won't do it, the punishment will get more severe and charges of obstructing a railroad may be lodged against the offenders which is a criminal offense carrying a possible jail sentence.

## Dist. 25 problems to be discussed at PTA Jan. 15

Like schools all over the nation, the public schools of Arlington Heights have been bursting at the seams. This problem is of utmost concern to parents of the school children and of equal concern to the board of education and Superintendent Clabaugh.

Tuesday night at the PTA meeting held at the North school at eight o'clock, Robert Lockwood, president of the Board of Education, and R. E. Clabaugh, Superintendent of Schools, will discuss our school problems, and how the enrollment and growth problems of this district can be met.

Superintendent Clabaugh will divide his talk into three parts. In part one he will discuss the present enrollment in comparison to the present facilities; the growth from grade to grade in the past four or five years; and the projection of enrollment by grade on the basis of what we now have as they move up from grade to grade.

Mr. Lockwood will discuss how the school problems can be met, and what future plans will involve. He will also report on progress on the new building at Dryden Place and Rockwell ave. Mrs. Skadberg will present her first grade students in a rhythm band; refreshments will be served by the fourth grade mothers.

## Suffers heart attack

Walter Koehner, 417 E. Russell st., Barrington, employed as a plumber by Ray Wilke of Arlington Heights, suffered a heart attack Tuesday afternoon while working on a job on Beverly lane, Arlington Heights. After receiving first aid from a physician he was taken home.

## Wheeling school girl to save frozen hands

Barbara Jean Schwiebert, the little girl who froze her hands walking home from the Wheeling school bus during a bad storm December 21, is getting along nicely.

While she is still confined to St. Francis hospital, Evanston, there is a definite improvement in the condition of her hands. Her father, David Schwiebert, said she is now able to move her fingers a little.

**THE SCHWIEBERTS**, who live on Jackson drive, northeast of Arlington Heights, wish to thank all the boys, girls and adults who have remembered Barbara Jean with cards. They also appreciate the frequent visits to the hospital by Barbara's teacher, Mrs. Scruggs. A little girl from Des Plaines, who shares Barbara's room, has been especially nice to her, lending a helping hand when she needs one.

Since Mrs. Schwiebert cannot drive, her husband has stayed home from his job as a laborer with Crop Saver Chemical Co. in Arlington Heights in order to take her to the hospital each day. Because of this the Schwieberts are afraid they cannot fulfill Barbara's wish for a two wheel bicycle which she has been asking for "when my hands are better and I go home from the hospital."

## Arlington library has new Saturday hours

Patrons of the Arlington Heights Public Library are again reminded that Saturday hours are now from 9 in the morning until 6 in the evening. On other days the hours remain the same: from 3 until 9 p. m., closed Sundays.

All library cards for borrowing books are now being retained at the library. There are several reasons for this: to find out how many persons are actually using the library, to correct addresses, and to separate the active from the inactive cards. Patrons are assured that they will not be inconvenienced by having their cards retained at the library. They can be produced from the files in a few seconds.

While the work on the new card catalogue is going forward, many books are out of their usual places. Attendants will be glad to help patrons find the materials they wish.

New books will be displayed for one week in order to give the public a chance to see what the library has. Reservations for these books can be made at that time. The Library Corner in the Arlington Heights Herald will have lists and notes on books received at the library. Today's list includes novels, short stories, factual books, and books for children and young people.

## Community council to aid in 'Blood for Korea' campaign

that this campaign is not to be considered strictly a Red Cross program, but more properly a national effort in which it is each citizen's right and patriotic duty to participate.

**AFTER NUMEROUS** local inquiries, the Arlington Heights Community Council under the leadership of Mrs. George Tuttle decided to sponsor a drive.

This community effort is now organized and pledge cards are being circulated by one representative in each social and business organization in the village.

Clubs which have not had cards sent to them should contact Mrs. Richard L. Brownwell, 403 N. Douglas ave., or Forrest Davis, village clerk, who is also local Red Cross chairman, in Palatine, Mrs. James Monroe, 52 N. Greenwood, should be contacted.

Signed pledges should be returned to the above persons as soon as possible to be included in the weekly total shown in the progress chart.

**THE LOCAL** Jaycee chapter is co-operating by conducting a door to door canvass of the community and distributing pledge cards.

The mobile unit will be at the Arlington Heights field house, February 19 from 2 p. m. to 8 p. m. and February 20 from 10 a. m. to 4 p. m.

Volunteers for help in clerical work which will be necessary near the end of the drive will be appreciated by Mrs. Brownwell.

## Many newcomers fail to register; Tuesday is last day to file

Voters may register with village and township clerks in Wheeling, Elk Grove and Palatine townships until January 15. Persons who have turned 21 since the last registration period, or have moved from another city or state, must register in order to vote in the April primary election. Anyone who has moved within the same town must apply for a transfer card, even if the move was made within the same precinct.

## First special assessment bonds in 22 years

Arlington Heights is about to issue special assessment bonds for the first time in 22 years. The bonds cover street improvements in the William Trude southside developments.

The board gave its approval Monday night by a vote of four to one to the William Trude plan of foreclosure on 60 lots in the southside area. Existing special assessment liens will first be offered at public sale, to be followed by regular tax foreclosure proceedings for the general taxes.

It is understood that Mr. Trude has acquired a large part of outstanding bonds. Under the plan, property owners will have the opportunity to redeem their property within two years.

Unless clear title to these lots can be given they will continue to be vacant with delinquent taxes piling up.

Attorney Harvey Adams presented a request for a permit for the erection of a garage by joining its manufacturing plant. The business is being operated on a non-conforming basis. The matter was taken under advisement. Consent of adjoining neighbors was included in the petition.

Ordinances were passed vacating alleys in the Scarsdale area that back up property originally zoned for business.

The board approved the dedication of a half street from Rockwell st. south to the new school property on Dryden place extended.

## HIGH SCHOOL PLANS OPEN HOUSE FOR JANUARY 22

Arlington Heights township high school will hold an open house January 22, at 8 p. m. Parents and friends attending will be taken on a tour of the new building after which they will have an opportunity to visit the various classrooms. Refreshments will be served at the close of the evening.

## COMMUNITY CHEST DIRECTORS TO MEET

Directors of the newly organized Community Chest of Arlington Heights are asked to attend a meeting Wednesday, January 16, at the field house, 8 p. m. It is imperative that all 21 directors attend.

## St. Peter pupils to compete in spelling bee

St. Peter Lutheran school, Arlington Heights, will enter three students in the Lutheran spelling bee, which will be held at the Des Plaines Lutheran school Friday.

All Lutheran schools of the Northwest Suburban conference will participate in this contest, which is a preliminary to the all Lutheran Spelling Bee of North America, to be held at Concordia Teacher's college January 20. The bees are in conjunction with the Daily News sponsored contests.

Arlington entrants are Doris Rudolph, Evelyn Blume and Donald Drewes. H. Staiger of St. Andrew's Lutheran school, Park Ridge, will be the spelling master.

Palatine township committee—Roy LaLonde, Democratic, 103 N. Benton, Palatine; George Howes, Republican, 248 N. Bothwell, Palatine.

Elk Grove township committee—Charles Francek, Democratic, 8 Northwest hwy., Mt. Prospect; William Busse, Republican, 100 S. Emerson, Mt. Prospect.

Wheeling township committee—Jack Clark, Democratic, 9 E. Hawthorne, Arlington Heights; Henry Busse, Republican, 210 N. Pine, Arlington Heights.

There are now 18 precincts in Wheeling township; eight in Palatine township; and five in Elk Grove township.

Further information regarding precincts and registration may be had by calling either the Republican or Democratic township committee, or by contacting any of the above mentioned village clerks.

Wheeling township committee—Jack Clark, Democratic, 9 E. Hawthorne, Arlington Heights; Henry Busse, Republican, 210 N. Pine, Arlington Heights.

**A&P**

**Customers' Corner**

"Honest Neighbor!"

That's just how we feel about the 6 million folks who call on us every day! That's how we'd like them to feel about us, too. And most of them do—simply because A&P has always been known as the friendly, "neighborly" place to shop. That "warm" feeling by our customers has been going on for a long time now. And in that spirit we think of you and are doing our best to see that A&P is all that you expect it to be. If it isn't, tell us. Incidentally, if your A&P store manager does call you "neighbor," rather than by name, we think you'll know why.

# Northwest Heighters Activities

**Christmas doings**

Mr. and Mrs. Burt Gaenzle and children were the guests of Mr. and Mrs. H. Thomas of Chicago Christmas day. Also present was Mr. Gaenzle's mother, Mrs. E. Gaenzle.

Mr. and Mrs. Howard Nelson entertained Mr. Nelson's parents, Mr. and Mrs. Elmer Nelson of Chicago, Christmas eve.

Mr. and Mrs. Edward Dritlein and son, Ronald, were hosts Christmas eve to members of Mrs. Dritlein's family. Ronald played Santa, beard and all, and distributed the gifts. Guests were Mr. and Mrs. William Brettnier, James Brettnier, Mr. and Mrs. Ralph Workman and

Mr. and Mrs. Russ Workman.

James Burke, son of Mr. and Mrs. Jack Burke, and Bill Morrison, son of Mr. and Mrs. John Morrison, returned to Ft. Riley, Kansas, New Year's day after a 12 day furlough which enabled them to spend the holidays with their families.

**Illnesses**

Joe Morici Jr. underwent an appendectomy New Year's day at St. Joseph hospital in Elgin. He returned home this week and is doing well.

The Norbert Willings left for Dubuque, Iowa, December 26, after having received word that his father, E. H. Willings, suffered a broken hip from a fall on ice in front of his home. He will be hospitalized for some time. The Willings returned home New Year's eve.

**Holiday guests**

Guests of the Robert Evans family over the New Year holidays were their niece, Miss Ann Martin, of Watseka, Ill., and her friend, Miss Susan Morgan, of White Fish Bay, Wis.

Mrs. E. Gaenzle of La Feria, Texas, sister-in-law of Mr. and Mrs. Burt Gaenzle, spent New Year's eve with the family.

**Winter vacation**

The Steve Murphys returned Sunday evening from a three week vacation in which they visited New York. They visited Mr. Murphy's parents, Mr. and Mrs. Edward Murphy, for a few days, then continued on to Daytona Beach, Fla., accompanied by Mrs. Murphy's parents, Mr. and Mrs. Henry Corwin, and her brother and family, Mr. and Mrs. William Corwin.

# NEW NEIGHBORS .... IN THE CITY OF GOOD NEIGHBORS

**Mr. and Mrs. E. Washburn**

Mr. and Mrs. Earl Washburn of 116 S. Derbyshire lane moved to Arlington Heights from Cranford, N. J., September 30. The Washburns came to this area when Mr. Washburn received a new position in research work with the Cook Research Laboratory.

Mr. Washburn was graduated from Missouri School of Mines, Rolla, Mo.

Mrs. Washburn, who likes the schools and people in Arlington, said that reading, knitting and sewing are her favorite leisure time activities.

The Washburns have three children, William, who is 6 years old and in the first grade at the North school, Sharyn, 4, and Kathryn, 2.

**Mr. and Mrs. Jacob Herr**

New residents at 901 N. Douglas are Mr. and Mrs. Jacob Herr, who moved here from Chicago November 7. They found just the house to meet their needs and felt that they would like Arlington.

Karen, who is 6 years old, Allen, 4, and Michael, 1 1/2, complete the Herr family. Karen attends St. James Catholic school.

Mr. Herr, who lists bowling, golf and playing the accordion as his favorite pastimes, is a salesman and truck driver for Burghard and Sons, a butter and egg concern. Mrs. Herr enjoys sewing, swimming and bowling.

Spotty, a fox terrier, is the family pet.

**Mr. and Mrs. James Munson**

The James B. Munsons moved to 310 W. Kirchhoff rd. from Des Plaines October 15. The Munsons had friends in Arlington, liked the town and wanted a larger home.

Mrs. Munson says she is very impressed with the schools. Their son, James, is 7 years old and in the second grade at the South school. Margaret is just 1 year old.

Mr. Munson is district manager of the Anchor Post Products Co. of Chicago. He enjoys hunting in his spare time.

Mrs. Munson is especially interested in sewing and knitting. She is also a member of the PTA. Both Mr. and Mrs. Munson were graduated from Wooster college in Ohio.

Mugs and Flops, a beagle hound and a cocker spaniel, are the household pets.

**Mr. and Mrs. L. Simpson**

Mr. and Mrs. Lawrence Simpson liked the home at 829 N. Hickory in Arlington Heights, so they moved here from Oak Park October 27. Mrs. Simpson said

New Year's eve parties

Mr. and Mrs. Harvey Thompson attended a New Year's eve party given at the home of friends, Mr. and Mrs. Henry Antonis of Maywood. Five other couples were present.

Mr. and Mrs. R. J. Ehrke were hosts to several friends at a New Year's eve party. Their guests were Mr. and Mrs. David C. Kenyon, Mr. and Mrs. Paul Fellingham, Mr. and Mrs. William Curry of Arlington Heights, Mr. and Mrs. W. H. James, Mr. and Mrs. A. L. Maitland, Mr. and Mrs. T. N. Silzer and Mr. and Mrs. C. W. Upton of Chicago.

The Arnold Siders attended a New Year's eve celebration with friends, Mr. and Mrs. Charles Less of Sycamore.

The William Carys entertained New Year's eve at a party in their newly completed rumpus room. Joining in the merry-making were Mr. and Mrs. E. Bludeau, Mr. and Mrs. Robert Cary, Larry Heide, Mrs. Madge Sydney, Mr. and Mrs. Roy Palmer and Larry Bollmer.

The William Andres entertained at a New Year's eve party in their home. Forty guests from Arlington Heights, Mt. Prospect and Chicago joined the Andres in ushering in the New Year.

Attending Monte Carlo night at the American Legion home New Year's eve were Mr. and Mrs. Richard Yelton, Mr. and Mrs. Tom Williams and Mr. and Mrs. William Lenheim.

**Family dinner**

The Leonard Welles joined other members of his family at

the home of his parents, Mr. and Mrs. Claude A. Welles of Evanston, for dinner. Also present were Mr. and Mrs. Emerson Welles of Indianapolis, Ind., and Mr. and Mrs. Douglas Sturgeon.

## Sidelights of Arlington Heights

### Holiday activities

Mr. and Mrs. Louis Pedersen entertained 21 guests at a dinner in their home New Year's day.

Mr. and Mrs. Robert Koepfen and Mr. and Mrs. A. Angelloff entertained several guests at their home New Year's eve.

Mr. and Mrs. Lorne Bagnall and daughter, Barbara, Mr. and Mrs. Arthur Laurie of Lake Geneva, Wis., and Keith Howard of Great Lakes naval training station were dinner guests at the home of Mr. and Mrs. Gerald Morrissey and son, Doug, New Year's day.

Mr. and Mrs. Louis Pedersen were guests at the home of Mr. and Mrs. William Pedersen of Wildwood New Year's eve. Cards and refreshments were enjoyed.

Mrs. E. F. Laurin entertained several neighbors and future neighbors of Laurinwood at a post holiday party Friday afternoon.

### Visit here

Mr. and Mrs. Robert Thune and son of Hawthorne, Calif., spent the holidays with their parents, Mr. and Mrs. Frank Oswald of Wauconda, and Mr. and Mrs. John Thune of Arlington Heights. Mrs. Thune and son will remain for a few weeks.

### Entertain

Miss Marjorie Payne, daughter of Mr. and Mrs. Charles W. Payne of Mt. Prospect, entertained a group of students from last year's graduating class of Arlington Heights township high school at an open house Sunday. Egg-nogs and cookies were served. Many of the 35 guests are now attending colleges throughout the country. Miss Payne is a freshman at Whittemore college, Springfield, Ohio. She has pledged Chi Omega sorority there.

Mrs. Alex Stonefield entertained at a luncheon last Thursday. Her guests were Mrs. Julius Vogel, Mrs. Alvin Behrens, Mrs. Richard Boeger, Mrs. Elmer Busse and Mrs. William Rascher.

Mr. and Mrs. F. P. Watson and Mr. and Mrs. T. A. Bratton and infant son, Douglas, of Brookfield were guests at the home of Miss Laura Grothe Sunday.

Mr. and Mrs. William McMahon entertained several neighbors at an open house Saturday.

Mr. and Mrs. Chris Marchetti of Palatine, Mrs. Cherwin, who is Mrs. Marchetti's mother, and Walter Gerber were Sunday evening supper guests of Dr. and Mrs. H. J. Carr. Mr. Gerber, who was graduated from Palatine high school and is now in the navy, was home visiting Mr. and Mrs. Marchetti. Mr. Marchetti, who is Gerber's godfather, made arrangements to get him into this country from Germany.

Mrs. Agnes Taylor entertained her bridge club Monday evening. Mrs. Leslie Moody and Mrs. W. G. Franke received high honors. The group also enjoyed a dessert luncheon.

Mr. and Mrs. Ralph Sass will entertain their pinocle club Saturday evening. Members attending will be Mr. and Mrs. Joseph Schmidt and Mr. and Mrs. Myron Blum, both of Arlington Heights, and Mr. and Mrs. George Beck of Des Plaines.

Guests Mrs. Fred Glade, Mrs. Della Webber and Mrs. Walter Sundling spent Friday afternoon visiting Mrs. H. J. Carr.

Sunday afternoon dinner guests of Mr. and Mrs. Ralph Sass were Mr. and Mrs. Alfred Juhnke and daughters, Dawn and Janice.

Attends Rose Bowl Miss JoAnn Frisk, daughter of Mr. and Mrs. D. C. Frisk of 511 S. Belmont ave., returned recently from a 10 day trip to Los Angeles, Calif. The trip was a special tour sponsored by the University of Illinois for students to attend the Rose Bowl football game in Pasadena, Calif. While in Los Angeles, Miss Frisk attended the California-Illinois Alumni association dinner given in honor of the football team with Bob Hope as master of ceremonies. The Phil Harris radio show, a tour of Twentieth Century Fox Studios, the Tournament of Roses parade and the Rose Bowl game were all highlights of the trip.

Vacations Mr. and Mrs. William Will returned Sunday after spending two weeks vacationing in West Palm Beach, Fla., and the Florida Keys.

Mr. and Mrs. James Service and son, James Jr., have just returned from a month's vacation. They spent three weeks in Miami Beach, Fla., and the other week was spent traveling.

Mr. and Mrs. W. B. Flanigan have just returned from spending two weeks in Boston visiting her parents, Mr. and Mrs. Robert Gilmore, of Belmont, Mass.

Mrs. Tillie Mensching, owner of the Lorraine-Anne Shop, left Wednesday for Altadena, Calif., where she will visit her brother and his family, the G. H. Wilkes, the Julius Flenties and the Christ Schoenbecks, all former residents of Arlington Hts. She will combine business with pleasure during her three week stay. She plans to attend fashion shows and go to the market.

Celebrate birthdays. Mrs. William Steffen celebrated her birthday at a family dinner January 4.

Mrs. Arthur Jaquet of N. Mitchell ave. will celebrate her birthday Friday at a family gathering at her home.

Mrs. George Jorgensen celebrated her birthday Saturday at the House of Pierre.

Celebrate anniversary A surprise party was held for Mr. and Mrs. Joseph Hibsch of Palatine in honor of their 45th wedding anniversary Saturday evening. The party was held at their home and among the guests present were their three daughters, Mrs. John Wirtz and Mrs. Charles Koepf, both of Chicago, and Mrs. William Edberg of Arlington Heights, their seven grandchildren and their great grandchild. A buffet supper was served. Mr. and Mrs. Hibsch have lived in Palatine for seven years. Previous to that they lived in Arlington Heights for many years.

Move The Lindsey family of 850 S. Vail moved to Rockford Thursday. The new residents moved into the home Friday.

Feed birds Some of the boys and girls in Miss Grothe's room at the South school took their Christmas trees and strung corn, cranberries, pop corn, and grain on the trees for the birds to feed on since the heavy snowfalls have prevented their feeding from the ground.

Recuperating Mrs. Adolph Dueball is recuperating in her home after a recent fall on the ice.

Rev. R. Robert Ismay, who was operated on last week, is now recuperating at Garfield hospital, 10th and Florida ave. N. W., Washington, D. C. Rev. Ismay hopes to be well enough to return here after March 1.

The Ismay family wishes to thank everyone for their interest and prayers.

James Goeddeke, two and a half month old son of Mr. and Mrs. Harvey Goeddeke, had his tonsils removed Saturday at St. Joseph's hospital. He is now recuperating at home.

In hospital Mrs. Vance L. Folkman has been undergoing treatment in St. Joseph's hospital, Elgin, since Saturday.

Walter Karstens is recuperating in St. Francis hospital, Evanston, and expects to be home soon.

In hospital Jean Koops, daughter of Mr. and Mrs. Edward Koops, was confined to her home with the chickenpox over the holidays.

Bud Schiller of the Schiller Carpet Co. fell and broke his leg Monday night. He is now recuperating at Sherman hospital, Elgin.

Mrs. Paul Weinrich fell and broke her arm Saturday night and is now recuperating in St. Francis hospital, Evanston.

Sympathy Sincere sympathy is extended to Mrs. Edward Christen whose sister, Mrs. Tillie Yungerman of Cicero, died Saturday.

In hospital Fred Bradley, Elk Grove township road commissioner, is recuperating in St. Joseph's hospital, Elgin. He expects to be home in a few days.

Model RR fans invited Model railroad fans, big and little, old and young, are invited to attend an organization meeting of persons interested in that hobby, which will be held at 22 W. Busse ave., Mt. Prospect, Jan. 14 at 8 p. m.

James Bullard, of the Hobby Mart, is an enthusiast of hobby clubs and is anticipating the cooperation of hobbyists in the formation of clubs catering to other hobbies.

## Buy on these Plain Hard Facts

See for yourself how a Chevrolet truck can cut your costs in every way

**RUGGED**  
as they  
come!

(Continuation of standard equipment and trim illustrated is dependent on availability of material.)

Fact No. 1

### Costs Less to Buy

List prices of Chevrolet trucks are lower than comparable models of other makes. As the world's largest manufacturer of trucks, Chevrolet takes advantage of production economies to pass substantial savings on to you! Your capital outlay is lower when you buy rugged Chevrolet trucks.

Fact No. 2

### Saves Money on the Job

Chevrolet trucks save money over the miles with proved features that cut operating and maintenance costs! Valve-in-Head economy, 4-Way Lubrication, rugged Hypoid rear-axles, channel-type frames, Ball-Gear Steering, Synchro-Mesh Transmission and others.

Fact No. 3

### Right Truck for Every Load

Your first interest in a truck is: "How well will it do the job?" That's where Chevrolet trucks have it, because they're factory-matched to the payload—tires, axles, chassis, springs, engine, transmission, brakes. You get as much truck as your job calls for.

Fact No. 4

### Keeps Its Value Longer

It's a fact. Chevrolet trucks keep their value longer to bring you traditionally higher value. That means two things to you. It represents real, substantial dollar-and-cents savings at trade-in time. And it puts a clincher on the extra value and ruggedness built into every Chevrolet truck.

AMERICA's truck users buy on down-to-earth facts, not fancy phrases.

That's why more of them buy Chevrolet trucks than any other make... nearly as many as the next two makes combined!

What they get for their money is a rugged, sturdy, dependable truck that's factory-matched to their job and payload.

Right power—with 105-h.p. or 92-h.p. Valve-in-Head engine.

Right capacity—with a Chevrolet-built chassis and body, or chassis for special body, that can really "take it."

Right price—with savings in purchase and a record of savings on the job that can't be topped.

Come in and let's get down to cases on how a Chevrolet truck can cut your hauling or delivery costs. You can't make a better buy—to save your money!

CORROSIONPROOF • LIGHTWEIGHT • FLEXIBLE

## Plastic Pipe

FOR JET WELLS • IRRIGATION • LAND DRAINAGE • LIVESTOCK WATERING • SEWAGE

CHECK these outstanding advantages of CARLON plastic pipe. This new, tough and durable pipe is FLEXIBLE... to follow ditch or ground contour and facilitate rapid handling... LIGHTWEIGHT... to permit hundreds of feet of pipe to be installed in a matter of minutes... CORROSION-PROOF... a characteristic that gives CARLON pipe a service life many times that of ordinary pipe.

CARLON plastic pipe cuts installation costs and reduces the number of necessary fittings to a minimum. It can be installed above or below ground level. Freezing water will not damage CARLON pipe.

Here is the complete answer to water piping problems. Sizes of CARLON are available to meet all normal needs and fittings are available for connection to already installed water systems.

CARLON IS HIGHLY RECOMMENDED FOR LOW PRESSURE GAS TRANSMISSION.

CHECK CARLON SIZES • LENGTHS • WEIGHT • STRENGTH

## Women's Association to meet for lunch, show leading film

The Women's Association of the First Presbyterian church of Arlington Heights will meet January 16 at the church.

The meeting will begin with a luncheon at 12:30 p. m. given by Circle III. Children may attend the luncheon; they will later be taken care of in the nursery for a 25 cent charge.

Mrs. C. V. Brown will give the Bible lesson, and Mrs. A. Goldthwaite will install the officers who were not installed in December.

The movie, "A Wonderful Life," will be shown at this meeting.

Mrs. Kurt Ziehm will lead the singing of the hymn, "Take My Life and Let It Be."

## CIRCLING THE TOWN

BY PHYLLIS KNIGHT

Whole families got together last night, Wednesday, for dinner at the Presbyterian church. Toddlers in high chairs joined their elders for the meal prepared by members of one circle, and for the fellowship of the evening.

There was serious purpose in the affair, too, for that night was the annual meeting of the church. Four new elders and four new trustees were elected to the session; the building committee reported, and so did the various organizations of the church.

Family nights are held several times throughout the year, with almost invariably a large number of members turning out for each one. It seems they know the place to meet their friends for a pleasant and profitable evening.

### Bowling along

The first annual Paddock Publications bowling tournament was held last Sunday afternoon and evening to universal enthusiasm. The Hi-Way Recreation of Palatine, boasting 10 alleys, was the scene of the tournament, with 24 teams entered.

Leading teams from each league reported in the Paddock papers — that includes besides Arlington Heights, also Mt. Pros-

pect, Palatine, Wheeling, Wood Dale and Bensenville—were eligible to compete for prizes and trophies.

A handicap system enabled the teams to vie on a more even basis, with the Haseman-sponsored team of Palatine coming out on top.

Though this tournament—following in the successful wake of last summer's paper-sponsored golf tournament—was for male teams only, next year there'll no doubt be a ladies' division as well.

### Dads invited

Members of the St. James Mother's club have invited their husbands to an especially-arranged meeting this Thursday evening. Starting off with a pot luck supper at 7:30 p. m., the men will be offered a varied program of entertainment.

Mrs. David V. Shaughnessy, program chairman, has invited two local organizations and a nearby school to present the show. The local chapter of the SPEBSQSA, increasingly popular entertainers, will give a varied group of musical selections.

Four male members of the Village Theatre will present a highly entertaining comedy skit, prepared by that group's talent bank, and girls from St. Patrick's academy in Des Plaines will also present a skit.

All in all, dads of St. James students are in for quite an evening.

### For ladies only

"Going, going, gone!" "who'll say five?" and "what am I bid?" will be familiar words at Friday's meeting of another mother's club, St. Peter's. This annual feature, auction night, acts as auctioneer extraordinary.

Items to be offered are donated by members and feature such things as home-made foods (a specialty of course, of the Lutheran ladies), hand-made fancy goods and knock-knacks, and proceeds go into the club's treasury to help improve facilities of the school.

The regular business meeting of the club will begin at 8 p. m. with Auctioneer Rush taking over immediately following and refreshments concluding the evening's festivities.

## Brownie troops 25 and 11 hold Christmas party

The Brownies of troop 25 and the newly formed sister troop 11, both of Arlington Heights, entertained their mothers at a Christmas party held at the field house December 20 from 7:30 to 9 p. m.

The Brownies of troop 25 presented "Jesus Is Born" and "Christmas by Children of All Nations." Troop 11 presented a pantomime of "The Littlest Angel" with Mrs. Robert Hawley reading.

The girls and their guests sang Christmas carols and each girl presented her mother with a sachet and took home a ceramic ash tray for her father.

Mrs. Jack Segal served as chairman of the decorating committee, and Mrs. L. Loshier as chairman of the refreshment committee. Each Brownie and her mother had something to do to add to the success of the evening.

Mrs. Henry Wessies and Mrs. E. Wagner are the leaders of troop 11. Mrs. Edward Wolf and Mrs. Raymond Lohr are the leaders of troop 25.

## Auction night to highlight Mothers' club

The Mothers' club of St. Peter Lutheran school, Arlington Hts., will hold its annual auction night in the school basement January 11. The meeting will begin at 8 p. m. and the auction will follow the meeting.

Lester Rush, sixth grade teacher, will be the auctioneer. Members are asked to donate bakery goods, handwork, toys and knock-knacks. All sorts of articles will be welcomed.

All members and guests are invited. Refreshments will be served.

## Nurses' club meets January 18, show atomic bomb film

The Arlington Heights Nurses' club will meet January 18 at 8 p. m. at the home of Mrs. May Low, 615 S. Beverley lane. Co-hostesses will be Mrs. Jean Terbell, Mrs. Dorothy Murphy, Mrs. Peggy Belcher and Mrs. Irma Stacy.

Following the business meeting a film on "The Atomic Bomb" will be shown by Mr. Anklee of Palatine.

### Color blindness

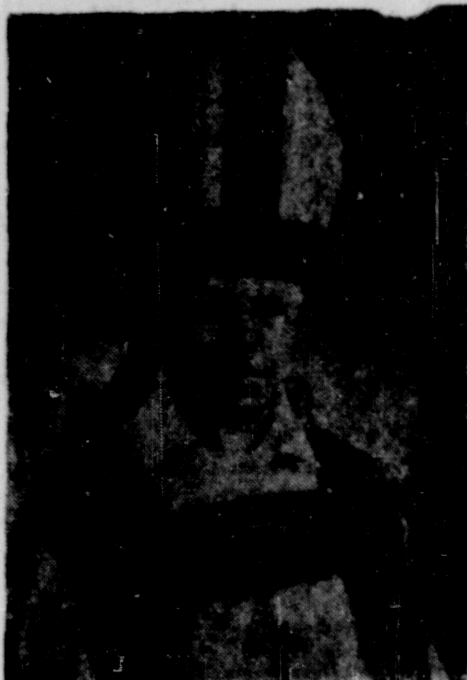

Color-blindness is five times as common among boys as girls. But it is inherited through mothers only.

## Bishop Conkling to officiate at confirmation

Rev. Thomas K. Chaffee Jr., rector of St. John's Episcopal church, Mount Prospect, announced this week that the Rt. Rev. Wallace E. Conkling, bishop of the Chicago Diocese, will be at St. John's for the confirmation service which will take place Sunday, January 13, at 4 p. m.

A class of 18 adults will be confirmed, seven of whom are being received from another communion. A reception for Bishop Conkling is being planned by women of the church and will take place at the church immediately following the ceremony.

Bishop Conkling visits St. John's once every two years. All members and friends of St. John's are invited to attend the service and reception Sunday.

## Scout council plans annual dinner Jan. 20

by ARNOLD HATCH

The 26th annual dinner and election of officers of Northwest Suburban council Boy Scouts will be held at Immanuel Lutheran school auditorium, Des Plaines, January 20, at 4 p. m.

An excellent smorgasbord luncheon at \$1 per plate will be served at 2 p. m. by Mrs. George Runde and her assistants and immediately after the election committee will read its list of officers for 1952.

Music will be provided by the Des Plaines string quintet, who played at last year's annual meeting.

Al Lowry and Byron Foote will be in charge of Scout exhibits. Bart Meays will be responsible for unit flag display of Council.

Wm. Mason of Palatine will be in charge of reservations with these sponsors: Barrington, Roy Wilmering; Palatine, C. C. Urhammer; Lake Zurich, Harold Giese; Arlington Heights, George Moudry; Prospect Heights, Art Raven; Des Plaines, Robert Ekval; Wheeling, Ed C. Welflin; Park Ridge, Wm. Kratt; Skokie, C. A. Nixon; Morton Grove, Chas. Wickner; Lincolnwood, F. E. Jarvis.

All dinner reservations must be in January 15. Dinner committee members are Erich Schalk, William Mason, Al Lowry, Byron Foote, Bart Meays and Arnold Hatch.

## Women of the Moose

The Des Plaines chapter of the Women of the Moose will meet Thursday, January 10, at 8:30 p. m. for a closed business meeting.

The Women of the Moose held their Christmas party December 27 with Rose Ries, Moosehaven chairman, in charge of the meeting. Christmas gifts were collected by the Moosehaven chairman and were sent to the old folks at Moosehaven, Fla. After the meeting refreshments were served and Christmas gifts were exchanged between secret pals. There was also a grab bag for the new members who did not

## TV talent search auditions next Tuesday

TV Forecast Magazine will salute the Arlington Heights and Mt. Prospect communities January 27, on the Rubin's "Stars of Tomorrow" TV show at 9 p. m. WGN-TV.

The snowbound applicants that were unable to make the trip to Chicago for their auditions several weeks ago will be judged and one winner chosen from the group 6-B at 441 N. Michigan. (The Talent Salute was originally scheduled for December 30.)

THE TALENT search co-sponsored by the Arlington Heights and Mt. Prospect Herald and the TV Forecast Magazine has been most fruitful in these communities and 15 applicants have been asked to appear for their auditions Tuesday night.

The winner of the Arlington Heights Talent Salute will receive his or her first professional engagement and a free week-end at the swank Whitcomb hotel in St. Joseph, Mich. His television appearance on the Sunday night "Stars of Tomorrow" show will present him as the talented representative from this area. The still unknown winner will in no way compete with the other Rubin contestants—for he or she will be a star in his own right.

THE TV Forecast Talent winner will be introduced by a representative of the Paddock Publications, and be presented his talent award certificate and prizes by Tom O'Malley of TV Forecast Magazine.

The winner's name will be announced after the January 15 auditions in these newspapers.

## Arlington Heights building permits

## Howard Hyde wins Camera club salon print contest

by ARNOLD HATCH

Fifteen members of Arlington Heights camera club met January 3 at Community Camera studios, Arlington Heights, to participate in the monthly salon print contest and see 35 mm colored slides.

President Green announced that any one having marine photos should enter them in the Chicago national boat show photographic contest. Prizes include \$500 worth of boating equipment. He urges any one interested in photography to attend the club's next meeting at Community Camera studios, Thursday, January 17, and he will show several beautifully colored prints, including technical data, done recently by such outstanding artists as Harry Shigata.

Howard Hyde, program chairman, conducted the salon print contest in which four prints were entered in the "B" class with Hatch winning first, Otzen second, and Stadelman 3rd.

In the "A" class seven prints were entered, Hyde winning first place, Frank Raymond second, and Lew Green third.

Frank Raymond showed several 16 by 20 marine prints that were very interesting and excited quite a bit of favorable comment.

Beautiful 35 mm colored slides were shown by Smiley Church, Green and Sadecky, for which program chairman Hyde extends his appreciation for the co-operation of these members in helping to provide an interesting program for our club.

## 1,000 youngsters attend free holiday show

A free show given during the holidays at Arlington Theatre was attended by nearly 1,000 youngsters. The large crowd was accommodated by holding 2 shows, one in the morning and one in the afternoon. The program of cartoons and a special technical movie, made the day one long to be remembered by the kiddies who attended.

Virgil and Helen Horath and Don and Katharine Knapp were responsible for this gift and many youngsters have expressed a desire to publicly thank them for this good deed. Mr. Horath operates the Horath Shell service

### Public Notice

Notice of Proposed Change in Electric Schedule E-3  
PUBLIC SERVICE COMPANY OF NORTHERN ILLINOIS hereby gives notice to the public that it has filed with the Illinois Commerce Commission on December 24, 1951, a revision in Rider 18, Electric Service For Defense Customers, which is applied to large industrial customers who require new or rebuilt electric service facilities on their property for production of materials for defense purposes.

The text is revised to redefine the type of plant to which the rider is applicable. Other changes are proposed to simplify administration.

Further information with respect thereto may be obtained either directly from this Company or by addressing the Secretary of the Illinois Commerce Commission at Springfield, Illinois.

A copy of the proposed change in the schedule may be inspected by any interested party at any business office of this Company.

### Lawrence Home for boys gets new director

Mrs. Robert Schiller, 807 S. Joka, Mt. Prospect, announces that Lawrence Hall, the home for boys in Chicago of which she is woman's board president, has a new executive director. He is Father Donald Curzon, who brings to his post a well-rounded background in boys' work and executive work.

A graduate of the University of Toronto and of Trinity college in Ontario, Canada, Father Curzon is chairman of the Youth Commission of the Episcopal Diocese of Chicago and has had 15 years of Scouting experience.

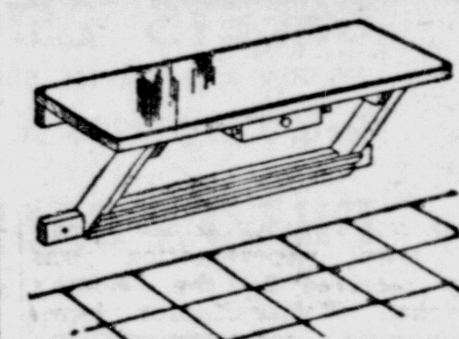

Serving with Mrs. Schiller on the woman's board of Lawrence Hall is Mrs. George Edgecumbe, 511 Pine ave., Mt. Prospect. Nearly 100 boys from broken homes are cared for at the home.

### Here's Utility Room Workbench

EVEN though the utility room has a basement home serves many purposes, it has space enough for a sturdy workbench if it is compact and legless like the one shown. It's easy to keep the floor underneath clean.

Two-by-four's notched out to fit a two-by-four bolted to the wall will serve as the slanting legs. Two planks, each 10 inches wide, are laid over three more

two-by-four's, as illustrated, to form the base for the top. For a tough working surface, nail over the planks a piece of Masonite quarter-inch tempered hardboard, the material widely used for bench tops in factories because it "has what it takes."

By nailing a couple of 1 by 2-inch pieces of lumber across the slanting legs, you create a handy place for short pieces of lumber and hardboard.

The drawer may be made or purchased. For a smooth, hard bottom that won't splinter, use a piece of Masonite hardboard.

### Nickel Catalysts

There has been a large increase in the tonnage of nickel used in the form of catalysts for the hydrogenation of edible and industrial oils and fats, and for the synthesis of many pharmaceuticals and chemicals of great importance to human welfare.

### "Blue Veil" Comes To Arlington

CHILD'S CHAMPION Jane Wyman as the admirable heroine in Wald-Krasna's presentation, "The Blue Veil," urges Joan Blondell, as a flighty actress, to give her daughter, Natalie Wood, more love. The appealing drama distributed by RKO Radio has as its other adult stars Charles Laughton, Richard Carlson, Agnes Moorehead, Don Taylor and Audrey Totter. It's coming to the Arlington theatre this Sunday for 4 days as a single feature program.

### Through THE SCHOOL DOORS

By Staff Members of the Arlington Heights Public Schools

(Summary of a talk given at a special meeting of the Board of Education of the Arlington Heights public elementary schools.)

#### READING OF THE JUNIOR HIGH SCHOOL LEVEL

by MARJORIE ENGLEHART

The character of the reading program changes at the junior high level. This change is not a revolutionary departure from the pattern followed in the lower and middle grades, but is rather, a transition based on that pattern. We continue to be concerned with satisfying and broadening children's reading interests, improving skills and abilities needed for interpretation, and setting into action a program that meets the needs of individual pupils. However, our approach to this program varies from that adopted for earlier training.

Upon entering junior high school boys and girls are reading at many different skill and interest levels. This nullifies the benefits of a daily program of reading for reading's sake. Furthermore, classification as "slow," "average," and "fast" readers becomes mechanically impossible.

Our reading program must be a flexible one. It must be one which presents opportunities to read for different purposes many types of materials at various levels of difficulties.

THE LOGICAL vehicle for such reading situation is our social studies program. The relation of the two fields proves valuable not only for improving reading skills, but for enriching children's experiences, satisfying their interests, and stabilizing their personalities. Students react positively to such a reading program because:

1. They are reading in a program they have helped to select and develop.

Major social studies fields are outlined to be covered by each grade level. However, the approach and development of these are left to student-teacher planning. Even within the framework set up by the class, the individual enjoys limited freedom in his choice and preparation. It is highly improbable any two sections of the same class will attack the problem in a duplicate manner, or that any two individuals within a group will produce more than comparable results.

2. They are reading for a purpose.

Our social studies program is of a project nature. Books and magazines are read to be used in written and oral reports, panel discussions, problem solving situations, plays, and the like. This approach inspires purposeful and meaningful results.

3. They are reading materials which are new and challenging.

Heretofore, the reading emphasis has been centered on subjects relative to their immediate environments. At the junior high school reading level as correlated with social studies, more remote areas of interest are approached and the insatiable curiosity of the adolescent minimizes the need for a reading motivation program.

THE UNDERTAKING of such a social studies-reading program calls for the development of new reading techniques. Pupils are not confined to reading from a certain text, but employ many sources, which are taken from the central school library by the teacher coincident with each new unit. The student has the personal responsibility for using these books in developing his work, with the guidance, rather than the direction of the teacher. This calls for repeated emphasis on the use of the dictionary, encyclopedia, appendix, table of contents, and index, etc.

In this connection pupils are also taught the value of paragraph heading and information in parenthesis, bold type, fine type, quotation marks, etc.

Reading for content is emphasized and critical comparisons and analysis of information are developed.

A not to be neglected phase of the junior high reading program is the library and recreational reading phase. The accessibility of the library before and after school and during the library study periods does much to foster this program. Library reading

## LETTERS of Judge Banks ... to his daughter

Dear Daughter:

Your and Jim's evenings for the past few months have been spent weighing the pros and cons of buying a television set. Have you taken the long range view?

What with you two and five children, there must be considerable amusement expense. Why not bring entertainment for the entire family into your own living room? Saving the "fun" money you would spend otherwise would pay for a television set.

Family solidarity is the chief concern of your bank; and it welcomes the opportunity of having a part in it by making small loans for such purposes.

THE AMERICAN WAY OF LIFE points to better and more enjoyable use of leisure time.

Love,

Dad

## Shirley Madsen becomes bride of John Thomas

In a setting symbolic of both the Christmas season and the bridal theme, Miss Shirley Madsen, daughter of Mr. and Mrs. Andrew L. Madsen of Itasca, became the bride of John E. Thomas, son of Mr. and Mrs. Charles E. Thomas of Indianapolis, Ind., December 23.

Candlelight and the soft glow of lighted Christmas trees lent additional charm to the lovely ceremony of the simple and impressive twilight service, which was read by Rev. Donald Heinrich and Rev. M. Kesseling at the Bethany church of Itasca.

Mrs. Florence Riedy of Lisle, organist and former piano instructor of the bride, played Christmas carols before the ceremony. Mrs. Betty Pulse of Glen Ellyn, soprano, sang "Create in Me O God a Pure Heart" and "I Love Thee."

With the opening bars of the Lohengrin wedding march, the bride party advanced to the altar led by Miss Valerie Uebele and Miss Beth Baker, cousins of the bride. Little Miss Baker, representing a "snow girl" in white moire trimmed with white fur, scattered synthetic snow instead of flower petals. Miss Uebele, as maid of honor, wore a toast colored taffeta gown and carried a bouquet of talisman roses.

The bride wore an ankle-length gown of champagne taffeta. She wore a fingertip veil and carried a bouquet of white orchids and roses. Her only ornaments were crystal earrings and a matching pendant brought to her from India by the groom. Gold slippers completed her costume.

Mrs. Madsen, mother of the bride, wore a winter aqua crepe gown trimmed with crystal beads. Mrs. C. E. Thomas, the groom's mother, wore a gray-blue costume with a lace bodice. Both mothers wore orchid corsages.

C. Gordon Thomas of Indianapolis, brother of the groom, was best man. Arthur Schlueter, also of Indianapolis, served as usher.

Out-of-town guests included the groom's parents, Mr. and Mrs. Charles E. Thomas of Indianapolis, Miss Nelle Johns of Danville and Mr. and Mrs. P. Merrill and daughter of South Bend, Ind.

At the home of the bride's grandparents, Mr. and Mrs. U. S. Baker of Itasca, members of the couple's families were guests at an informal reception. The Baker home, as well as the church, was decorated with white poinsettias and sprays of greens and white desert holly. The bride brought the holly from California to carry out the west coast-midwestern theme, since she has been active for the last five years in her musical career in the Los Angeles area.

The bride received her secondary education at Glenbard high school. She took her undergraduate work at DePaul university, where she was a music-dramatics major, and later studied at Northwestern university. She is a member of Alpha Gamma Delta sorority. In her senior year at DePaul she was awarded the Guy Morrison Walker Cup in honor of being selected the most outstanding senior. She was also chosen a member of Mortarboard, an honor society. In 1945 she placed in the contraalto section of the Chicago Land Music Festival.

After taking graduate studies at Northwestern university, Mrs. Thomas enrolled in the Westminster Choir School at Princeton, N. J. She was for four years associate director of music at the First Methodist church of Pasadena, Cal., and subsequently served on the music staff of the First Congregational church of Los Angeles. Presently she is a contraalto soloist at the Westwood Methodist church, Los Angeles, and is also singing with the Roger Wagner Chorale on radio station NBC, Hollywood.

Mr. Thomas, who also took his undergraduate work at DePaul, was a journalism and English major. He served with the armed forces in World War II in the European theatre and was wounded and hospitalized in France and the United States for one and a half years. His service career and convalescent period were followed by graduate work at Stanford university and a year of study of the French language and civilization at the Sorbonne in Paris.

More recently Mr. Thomas spent 20 months traveling in Europe, North Africa and India, returning to the States last June. One of his many imported gifts to the bride was a beautiful gold thread stole from Madras, India, which she wore at the wedding reception.

After a brief honeymoon in New Orleans, the young couple will live at 5460 Eagle Rock View dr., Los Angeles. Mrs. Thomas will continue her musical activities, and Mr. Thomas plans to make journalism his career.

Organize teams for drive of Maternity Center

Mrs. Donald H. Shaw, 810 E. Euclid ave. and Mrs. Douglas Smith, 630 Beverly lane, Arlington Heights, will hold a luncheon meeting January 14 at the Chicago Maternity Center, 1336 S. Newberry ave., Chicago, to organize a team they will lead in the center's 1952 enrollment and fund drive. The campaign will be held throughout February.

Among those attending the meeting will be Mrs. Irving Seaman, Jr., Lake Forest, and Mrs. Edward M. Cummings, Wilmette, chairman and co-chairman of the enrollment drive. They will tell the group that it takes \$200,000 for the Chicago Maternity Center to carry out a year's work, and nearly half of this amount must come from contributions made during the February drive.

In 1951 the Center delivered 3,500 babies for needy Chicago mothers in their homes, gave 280 doctors and medical students obstetrical training, and provided clinic facilities at 1336 S. Newberry ave. for its patients to make 12,330 visits for parental care.

The names of Arlington Hts. team members will be announced soon.

Tri Delta alumnae meet in Park Ridge

The Chicago Northwest Suburban Alumnae chapter of Delta Delta Delta will meet January 16 at the home of Mrs. H. C. Carter, 242 Columbia, Park Ridge, at 1:15 p. m.

For reservations call Mrs. Dan Vitum at Arlington Heights 1870-M or Mrs. G. E. Gilbertson at Mount Prospect 1613-M.

MR. AND MRS. CLUB MEETS

The Mr. and Mrs. club of the First Presbyterian church of Arlington Heights will hold a pot luck supper January 11 at 6:45 p. m. at the church.

Highlight of the evening will be a demonstration meeting by the Niles township Postmasters' club.

An early autumn wedding is being planned.

Mr. and Mrs. Roy A. Johnson of Bensenville have announced the engagement of their daughter, Darlene, to Alvin Berg, son of Mr. and Mrs. Axel Berg, former residents of Minneapolis, Minn., and now of Bellflower, Cal.

Mr. and Mrs. Edward H. Meyer of Palatine announce the engagement of their daughter, Marjorie, to Wayne Ellis, son of Mr. and Mrs. Ira Ellis of Palatine.

N. date has been set for the wedding.

Mr. and Mrs. Stanley P. Pepper engaged to daughter of N.U. President

President J. Roscoe Miller of Northwestern university and Mrs. Miller have announced the betrothal of their daughter, Roxelyn, to Richard S. Pepper, son of Mr. and Mrs. Stanley P. Pepper of Palatine.

Miss Miller and her fiancé met on the Northwestern campus where she is a junior in the school of speech and Mr. Pepper is in his fourth year of civil engineering.

Miss Miller has been a member of the student senate of the school of speech for two years and currently is president.

Open daily 9 to 9, Sunday to Noon

## Retires after 47 years with C&NW railroad

Frank W. Carl of 124 S. Walnut ave., Arlington Heights, has retired after 47 years of continuous service with the Chicago and North Western Railway Co. He started work with the North Western's Galena division in 1905 as a brakeman.

Mr. Carl just recently made his last suburban run from Chicago to Geneva, back to Chicago and then to Arlington Heights.

Mr. and Mrs. Carl have four children living in this area. They are: Mrs. George Poole, Mrs. Virginia Carl and Herb Carl, all of Arlington Heights, and John Carl of Des Plaines. John is also with the Chicago and North Western system.

At present Mr. and Mrs. Carl are vacationing in Fort Lauderdale, Fla. They plan to return to Arlington Heights after January 30.

## Chevrolet 'secrets' revealed at show

Many motorists are viewing the "life size" Chevrolet show at the Lattof Motor Sales Co. 32 S. Evergreen, Arlington Heights. The stories of what they saw are causing a lot of others to visit the show where the secrets of the insides of Chevrolet trucks and autos are shown and explained in a manner that a non-technical man can see what it is all about.

As much interest is being shown in the working models of the twin-action truck brakes and the four speed transmission as in the powerglide automatic transmission and the jumbo drum brake of the passenger cars.

Their operation is too technical to place in type, but the show is worthy of a half hour visit from any person who drives a car. The show closes Friday.

FOR SALE—BOLSEY 35 MM. camera with attachments; original price \$90; will sell \$45. Arlington Heights 3026.

WILL SHARE HOME WITH reliable couple. Reasonable rent. Call Bensenville 1125-R after 6 p. m.

Monday - Friday  
3 to 9 p. m.  
Saturdays  
9 a. m. to 6 p. m.

by DOROTHY MITCHELL

The books listed below have just been received at the Arlington Heights public library. Patrons may come in to look at these books and leave reservations, or may reserve a book by calling the library at 1979. New books are being displayed for one week for the convenience of patrons.

## FICTION

Asimov — "The Stars Like Dust," a fast-action science-fiction novel by a biochemist.

Berton — "The Brigand." This story of a boy, who is unjustly convicted of murder, is by a gifted Italian writer, who again shows his insight into the world of the adolescent and of children.

Curtis — "The Forest of the Night." A novel of France during the German occupation. Awarded the coveted French literary honor, the Prix Goncourt.

Every — "The Captive Witch." A dramatic novel of the Kentucky frontier.

Kelly — "Pogo." If you are not already a Pogo addict, it is because you haven't read the paper he's in and because you haven't read this book.

Lagerkvist — "Barabas." The novel prize book translated from the Swedish by Alan Blair. This is the story of the thief who was freed when Jesus of Nazareth was condemned to replace him on the cross.

Morgan — "A Breeze of Morning." A young English boy of the early 1900's awakens to understanding and love.

Orentz — "Bride of the Sabbath." A panorama of New York ghetto life and the education of a second generation Jewish boy as an American.

Phillips — "Pagoda." A murder story which the Saturday Review of Literature calls a smooth job.

Romano — "Scirocco." The recipient of the Ernest Hemingway award in 1949. An account of three days, sometime toward the end of the war, in the life of a young schoolteacher, a would-be novelist and poet.

Russell — "Dreadful Sanctuary." This novel will be enjoyed by (1) the Science-Fiction Fan, (2) the Whodunit addict, (3) the adventure story enthusiast, (4) anyone who likes a fast-moving story well told.

Salinger — "Catcher in the Rye." A week end in the life of an exceptional adolescent boy who ran away from school. The first novel of a talented young

writer.

Styron — "Lie Down in Darkness." An extraordinary first novel. This writer has the imaginative power to see that the novelist's only concern must be "the human heart in conflict with itself."

Whitney — "Intrigue in Baltimore." A romantic novel of the time of Lincoln.

Williams — "The Commandments of Men." A minister refuses to pay lip service to his creed. A serious thesis novel with romantic trimmings.

SHORT-STORIES

Bleiler — "The Best Science-Fiction Stories of 1951." One of the best of the flood of science-fiction anthologies.

McCullers — "The Ballad of the Sad Cafe." The novella of the title and the most important of her short stories including "The Heart is a Lonely Hunter," "Reflections in a Golden Eye," and "The Member of the wedding."

Devoe — "This Fascinating Animal World." This book gives the amateur nature lover information on subjects varying from a comparison of animal and human mentality, a pig's ability to swim, crocodile tears, and insect voices, to the speed of a jack rabbit.

Featherhill — "Primer for Pregnancy." The author, mother of three, leaves medical advice to the doctors, and discusses the emotional aspects of pregnancy.

Fleisch — "The Art of Clear Thinking." A practical self-help book for all who want to improve their thinking. It offers easy-to-use techniques for solving the problems of business and everyday living.

Hess — "Abstract Painting: Background and American phase." In a review in the Saturday Review of Literature, Robert Goldwater writes: "Too frequently in writing about art in this country objective, or supposedly objective, reporting passes for criticism. Mr. Hess' conviction of the interest and importance of these painters is a happy exception and of great value in introducing his artists to the lay public he is addressing."

Kennon — "American Diplomacy, 1900-1950." By the newly appointed ambassador to Russia.

Willison — "Behold Virginia: the Fifth Crown." Very readable history from Jamestown to the Declaration of Independence.

Wilson — "How To Help Your Child With Music." Practical guidance which takes the needs of the individual child into consideration.

JUVENILE BOOKS

Brown — "The Summer Noisy Book." A well-illustrated book for children from 3 to 5.

Bryant — "The Lost Kingdom." Adventure in India for grades 6-8.

Crowley — "Azor and the Blue-Eyed Cow." Too late for Christmas but children will love this story about a temperamental cow and how he proved that there was a Santa Claus anyway.

Dietz — "Jeff White, Young Trapper." Adventure for boys and girls 12-16.

Kjelgaard — "Fire-hunter." A gripping story of a pair of prehistoric young people left by their tribe to die in the savage wilderness. For grades 7-9.

Gannett — "The Dragons of Blueland." For beginners. A new book about Elmer Elevator and his adventures with a flying baby dragon.

## Income tax forms now in mails

A card (Form T-25) containing the name and address of each individual income taxpayer is being mailed to each taxpayer with the envelope containing the blank income tax return to be used for the year 1951. All taxpayers have been requested to attach this card to their completed 1951 income tax return prior to filing the return.

The card measures 7 1/2" x 3 1/4" and was prepared at the time that the taxpayer's income tax return for the year 1950 was received by this office.

This card is known as a control card and should be attached to the completed income tax return for the year 1951 by each individual income taxpayer to whom the card was furnished.

Individual income tax returns filed for the year 1951 that have this control card attached can be processed more quickly and at a lower cost than returns to which these control cards are not attached.

FROM THE HOLES that have been punched into the cards, the names and addresses of the taxpayers have been interpreted into the printed names and addresses appearing thereon.

These cards, if received with the individual income tax returns for the year 1951, can again be utilized mechanically in the preparation of taxpayers' index cards for the year 1951, thereby effecting an important saving in manpower which otherwise would be expended.

The same type of control card is being sent together with form blanks for declarations of estimated income tax for the year 1952 to individual income taxpayers who may be required to file such declarations for 1952. It is equally important that the control card be attached to these declarations when same have been completed and submitted for filing.

The cooperation of all individual income taxpayers in this matter is earnestly sought.

FOR SALE — HOLSTEIN springer bull, good size. Call at 8 a. m. Fred Harbeck. Phone Bensenville 166-J-1.

FOR RENT — SLEEPING ROOM. 183 S. Mason, Bensenville 379.

LOST — BLUE WALLET. Contains valuable pictures and cards. If found bring to Coleman's drug store or call Marian Goodwin at Wheaton 8-9872. Reward.

## From Ships to Planes

During World War II, many of the products from International Nickel's rolling mills went into ships for a two-ocean navy; emphasis has now been directed to jet plane production. This has produced a corresponding shift in the types of the alloys coming from the Company's three rolling mills—at Huntington, West Virginia; Birmingham, England; and Glasgow, Scotland—in the direction of the unique high temperature resisting alloys presently required.

FRIDAY, JANUARY 11, 1952

FOR SALE — RED POTATOES. \$3 per 100. Franson, Waukegan and Oakton. Phone Niles 7-9834.

# LOCAL QUINTS HEAD INTO SECOND HALF OF CAGE PLAY

## Palatine host to Bensenville Friday eve

### Starting lineup

Pirates	VS	Bisons
Buenzow	F	Karrigan
Zoellick	C	Shymkewich
Abrahamson	F	Palm
Schrage	C	Merholtz
Meyer	G	Symonik

by G. A. McELROY

Friday night the Palatine Pirates and the Bensenville Bisons resume one of the closest rivalries in the Northwest Conference on the Palatine court. The Bisons hold a 14-11 edge on the Pirates since 1939 and beat them in the last two meetings, both of which were on the Bensenville court.

Coach Gene Moylan's Palatine five appears to be on the way up and hopes to even the season with the Bisons, who beat them in the league opener, 52-43. Palatine has the advantage of the home court and two good performances under their belts since the holidays. Bensenville has not played since their fine showing in the Hinsdale tournament where Glenbard stopped them, 48-45.

When the conference reorganized in 1939, Palatine took five straight from the Bisons, then dropped a 29-28 decision, and took two more. Since then, Bensenville has won 13 to Palatine's four.

### Palatine - Bensenville

51-52	Bensenville 52, Palatine 43
50-51	Palatine 41, Bensenville 34
49-50	Bensenville 40, Palatine 32
48-49	Bensenville 46, Palatine 42
47-48	Palatine 28, Bensenville 26
46-47	Bensenville 38, Palatine 23
45-46	Bensenville 39, Palatine 28
44-45	Bensenville 36, Palatine 24
43-44	Palatine 24, Bensenville 15
42-43	Palatine 24, Bensenville 17
41-42	Bensenville 29, Palatine 28
40-41	Palatine 37, Bensenville 33
39-40	Palatine 55, Bensenville 28
38-39	Palatine 51, Bensenville 26
37-38	Bensenville won 14, lost 11.
36-37	Palatine 896, Bensenville 878.

Palatine's four. That 29-28 defeat was one of two, both by one point, which Palatine lost in the conference through the four years of 1939-1943. The other loss was to Wauconda.

There have been a lot of close games in recent years. Palatine and Bensenville still eye the first division and fourth place in the final standings and any more defeats for either during January would be disastrous as Palatine has a 3-4 record and Bensenville 2-4.

**OVER AT BARRINGTON**  
Coach Harman's team meets its two toughest remaining league tests in Grant this Friday and Wauconda a week later. Some of the edge has been taken off the Grant encounter since Wauconda knocked them into a tie for second in an overtime last week end.

Now all Barrington has to do to get a three game lead on the field is to win the next two games. They are favorites to do so. Grant thinks they will take the Broncos, but the odds are the other way.

**ELA-VERNON** with a 3-3 record aims to improve their standing at the expense of hapless Northbrook Friday. A number of schools have been taking picks on the weak Vikings and running up a big team and individual totals. It is hoped Coach Gallagher will be able to rally his cage forces and give opponents a good run for their money in the second half of the schedule.

Wauconda has Antioch as Friday's opponent and big Bob Nolan will have tall competition

## Hasemans roll 2979 to take Inter-League Handicap

### Champs beaten

Cork & Bottle keggers proved the Haseman Truckers aren't so hot after all. Friday night in the Palatine House league when they took them, two games to one. With Jerry Dean leading the way by virtue of 223, 234, and 222 for a 679, the bottle boys rang up games of 912 and 969, only to lose after compiling a 954 final.

Haseman's champs in the Paddock tournament Sunday, rolled 776, 922 and 981 for a 2689 series. Of the other nine men, there were nine other 200 games, one of them a 246 by Irv Hahnfeldt.

The rest of the league saw 16 other 200 games marked up, five of them over 220 and one of them 246 by alley operator Harvey Helms.

### Northwest basketball

Varsity	W	L	Pts	Opp

Bensenville at Palatine.
Grant at Barrington.
Ela-Vernon at Northbrook.
Antioch at Wauconda.

### Monday, January 14

Bensenville at Northbrook.
----------------------------

### Dart league resumes play

With the holiday season over, play in the Dart League of Northwest Cook county resumed last Friday. Leading St. Paul took on Faith at their home court for three games, each team scoring a 3 to 2 victory in the first two games. In the third game St. Paul scored in all but two innings for a 10 to 2 victory, making 16 hits and increasing their lead to three full games.

Immanuel playing at St. Peter was not in their pre-holiday stride and lost three games by scores of 4 to 3, 3 to 2, and 4 to 2. By winning these three games, St. Peter tied Faith for second place.

Friday, January 18, Immanuel will play at Faith while St. Peter travels to Mt. Prospect for games with St. Paul.

These games start the second half of the season and should prove interesting with Faith and St. Peter each striving for possession of second place while playing the first and last teams.

### Heights sports menu

Friday, January 11 — Frosh-Soph and varsity basketball, Hinsdale, there, 7:15. Varsity wrestling, Elgin, there, 7:30.

Saturday, January 12 — Frosh-Soph and varsity basketball, Glenbard, here, 7:15. Frosh basketball, Leyden, there, 10 a. m.

from the Sequoias. The Bulldogs are going good with a 5-2 record and should take Antioch in stride. Nolan, just one point off a 25 point a game average, has 174 in seven games.

Last year at this point in the schedule he had only 124, but was just short of the record at the close of the season. The big Wauconda center needs to rack up only 91 points in the remaining seven contests for a new Northwest record.

## Nick & Al's 2nd, Behm's 3rd, L-Nor Cleaners get 4th

Haseman Truckers, favored to win Paddock Publications first annual Inter-League Handicap, accomplished the expected in the bowling meet Sunday at Hi-Way Recreation in Palatine when they set a goal of 980 the final game, rolled 981, and copped honors with a 2979 grand total.

It was Irv Hahnfeldt who pulled the trick with a 244 game after rolling 192 and 195 the first two games. If he had been more consistent, rolling "only" an even 210 game, it would have been Nick & Al's tavern five in the winner's circle. As it was Irv bowled the only 600 series of the day, a 631.

**TOP AVERAGE** team of Haseman's, rolling this season at an 875 clip, includes five keggers who would rather bowl than eat. They've been that way ever since they were large enough to hold a bowling ball, four hailing from Palatine and the other living in Arlington Heights.

Warren Perry notched a 213 game for a 562 series, while Don Marquardt, Marvin Perry and Carl Huber rolled 508, 507 and 508. For the last two it was strictly a mediocre night. The five boys rolled 866 and 869, then set their sights on 980 "to win" and all that remained was for the third shift to attempt to match Haseman's total.

**TWO OTHER** squads on the second shift of four teams attempted to make it hot for Haseman's. Annen & Busse of Friday Major loop in Mt. Prospect entered with a 864 average, and L-Nor Cleaners of Wednesday Scratch league in Arlington Heights has been going at an 844 clip.

### Prize winners of Inter-League Handicap

- 1—\$56.10—Haseman Truckers.
- 2—\$37.40—Nick & Al's.
- 3—\$25.50—Behm's Good Food.
- 4—\$17.00—L-Nor Cleaners.
- 5—\$13.60—Mensching Dry Goods.
- 6—\$10.20—Sander Decorators.
- 7—\$ 6.80—Coleman Drugs.
- 8—\$ 3.40—Liberty Hounds.

High Game Out of the Money \$10.00—Annen & Busse, 910.

The Mt. Prospect five started fast with their high-game-out-of-the-money 910, then dropped to 802 and 822 for tenth place and 2820. The Cleaners kept improving, but couldn't reach the 900's. They rolled 834, 856 and 865.

**FIRST PRIZE** money for Haseman keggers was \$56.10, in addition to the beautiful, large traveling trophy and five small individual trophies. Nick & Al's squad is \$37.40 richer by virtue of 883, 756 and 863, plus 445 handicap, for a 2947 total.

Mensching-Dry Goods of Itasca, winner the first shift with 2901, fell to fifth place as Behm's of Wheeling copped third and L-Nor Cleaners of Arlington Heights took fourth.

**SIX BROTHER** acts performed in the tournament, with Edward and Henry Johnson, rolling for Behm's Good Food five of Wheeling, taking top honors for a 1080 total.

Others include Warren and Marvin Perry of Haseman's Truckers with 1069. Ed and Don Welflin of Wheeling Amvets with 933. Frank and Tony Felker of City Cab of Arlington Hts. with 963. Art and Herb Ward of Ward Brothers of Wheeling with 896, and Elmer and Alvin Hecke of Haberkamp Flowers of Mt. Prospect with 1001.

A father-son combination was provided with Louis Marquardt rolling for Community Cab of Palatine (474) and Don Marquardt bowling for Haseman Truckers (508). Total for the duo was 982.

**A NATURAL** battle of the times occurred when Community Cab of Palatine opposed City Cab of Arlington Heights on the third shift. The Arlington aggregation won the battle, 2800-2733, across the same six alleys together.

"A first" for the tournament for years to come was the initial ball and strike of the tournament. After ringing the gong for start of competition, tournament manager Bob Paddock, leadoff for Pearson team of Palatine Parkway league, rolled the first ball for a strike.

### Final standings of Paddock Publications Inter-League Handicap

Haseman Truckers	2979
Nick & Al's	2947
Behm's Good Food	2918
L-Nor Cleaners	2903
Mensching Dry Goods	2901
Sander Decorators	2856
Coleman Drugs	2838
Liberty Hounds	2837
Foot Brothers	2835
Annen & Busse	2820
Pearson	2817
Ward Brothers	2817
Krause & Kehe	2800
City Cab	2800
Kruse Tavern	2785
Wheeling Amvets	2781

### Secondary honors

High team series, actual — Haseman Truckers, 2716.  
High team game, actual — Haseman Truckers, 981.  
Low team series, actual — Erickson Shamrocks, 2476.  
Low team game, actual — Erickson Shamrocks, 621.  
Highest team average entered — Haseman Truckers, 875.  
Lowest team average entered — Erickson Shamrocks, 714.  
High brother duo — Edward and Henry Johnson of Behm's Good Food team, 521, 559, 1080 total.  
Low brother duo — Art and Herb Ward of Ward Brothers team, 462, 434, 896.  
High individual series — Irv Hahnfeldt of Haseman Truckers, 631.  
High individual game — Irv Hahnfeldt of Haseman Truckers, 244.  
Low individual series — James Howard of Erickson Shamrocks, 350.  
Low individual game — Daniel Conway of Erickson Shamrocks, 106.

Most pins, actual, 6 games — Lou Haake, Jr., of Annen & Busse and Haberkamp Flowers, 559 and 504, 1062 total.  
Least pins, actual, 6 games — Elmer Schoening of Toothman Well Drilling and Miller High Life, 508 and 518, 1026.

Most consistent individual games — Martin Sander of Sander Decorators, 126, 125, 124, 2 pin variance.  
Least consistent individual games — Coleman Drugs, 713, 760, 872, 159 pins variance.

Least consistent individual series — Community Cab, 362, 410, 462, 474, 525, 163 pin variance.  
Least consistent individual games — Howard Olsen of Coleman Drug, 110, 173, 202, 92 pin variance.

### Card grapplers whip Riverside

Arlington's frosh-soph wrestling team walloped Riverside Friday, 33-15, in spite of the locals forfeiting two matches, one because of the weather and the other due to an overweight. Lack of space changed the original varsity and frosh-soph matches to just the yearlings' end of the deal. It was a break for Arlington as most of the local grapplers are underclassmen.

Nono of Riverside pinned Carlino of Heights at 103 pounds. From then on it was all Arlington except for the forfeit by Mulo, who was unable to get to the match at Riverside because of the snow, and the one pound overweight of Turk of Heights. In an exhibition Turk beat his opponent, 5-3.

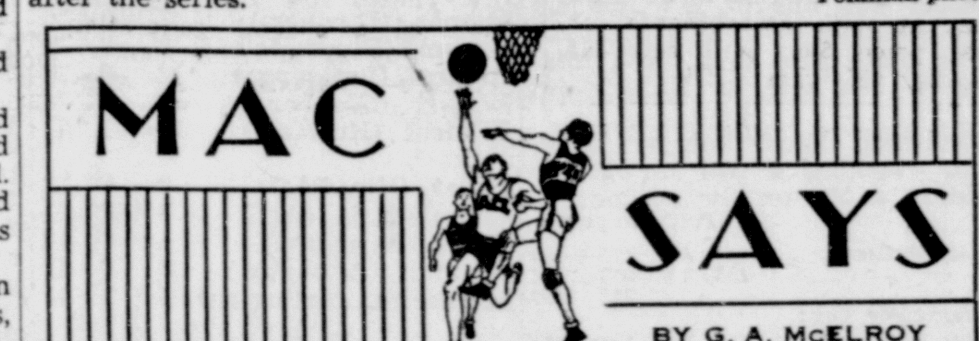

### COMPLETE results:

- 103—Nono, Riverside, pinned Carlino, Arlington in 35 of 3rd
- 112—Forfeit to Riverside.
- 120—Mulo absent
- 120—Pieperbrink, Arlington, beat Johnson, Riverside, 5-3
- 127—Forfeit to Riverside.
- 132—Turk overweight
- 133—Milnamow, Arlington, pinned Klunge, Riverside in 1:47 of 3rd
- 138—Schaeffer, Arlington, pinned Weber, Riverside, 1:19 of 1st
- 145—Deschner, Arlington, pinned Dunn, Riverside in 1:45 of 1st
- 154—Emmerich, Arlington, pinned Penne, Riverside in :18 of 2nd
- 165—Butler, Arlington, pinned Vivian, Riverside, in :58 of 1st
- Hvy—Bryant, Arlington, pinned Martin, Riverside, in 22 of 2nd
- ARLINGTON'S wrestlers travel to Elgin for a varsity match Friday night.

**TOLD YOU SO**  
They laughed when we sat down to say "Illinois will score 41 points in the Rose Bowl." They didn't know such a remark, made in the December 7 sport page of this paper, would become history January 1.

**VICTORY SMILES** are evident for Haseman Truckers after rolling 2979 Sunday in Paddock Publications Inter-League Handicap at Hi-Way Recreation. Top row, left to right, Irv Hahnfeldt and Warren Perry. Bottom row, Carl Huber and Marvin Perry. Don Maquardt was camera shy, having dashed home immediately after the series.

BY G. A. McELROY

Barrington can practically clinch the Northwest championship the next two week ends by beating Grant and Wauconda who are tied for second two games off the Broncos' pace. Playing at home is certainly worth five to 10 points in itself to Barrington. The Broncos had their toughest conference game at Palatine last Friday as the Pirates pushed them hard all the way in a game that was closer than the 33-27 finish would indicate.

Barrington did not look impressive at all at Palatine but they rebounded the next night to hand Dundee a decisive 51-34 beating.

For that matter Palatine played better Saturday also, as they slipped by Libertyville, 50-49, in an overtime on the big Lake county court. The way they played against Barrington gave the Pirates the confidence they needed and they are going to be hard to beat the rest of the way through the season. Coach Moylan seems to have found his best combination and he used the same five the entire time in both games last week end. Moylan has the boys in fine condition through a heavy program of running and it paid off in the Libertyville game.

**Reminds us of Irv Hahnfeldt as cage competitor at Palatine high school**

Sunday in the Paddock Publications bowling tournament we saw Irv Hahnfeldt come through with a 244 in his third game to give Haseman Truckers the edge they needed to take the tournament. Hahnfeldt had bowled a game over 240 in each of two series in league competition prior to the tournament. All this rest same five of Irv's basketball playing for Palatine high light-weight team back in the 1933-34 season.

Irv never was in a class with cousins Ed in track, or Ray in basketball but he was, none the less, one of Palatine's best competitors as he proved in that basketball season, and as the key man on Haseman's bowling team. Palatine won the lightweight title in 1933-34 with nine wins in 10 games. Of those nine wins, four were by a single point. Hahnfeldt pulled two of those one pointers out of the fire in as dramatic a manner as any could ask for.

Libertyville had led Palatine by one point. Palatine got the ball with five seconds to play. Irv dribbled to the center of the court and let fly. The gun sounded the end of the game as the ball reached the peak of its arch and sailed through the hoop for a Palatine victory. Again at Antioch Irv shot a pair of long 35 foot shots in the final minutes to give Coach Megel's team a one point victory and a championship.

### BOWL HERE

Week ends. That extra practice will help raise your average in your league bowling.

Hinsdale at Maine.  
Downers at York.

## Cards aim for league victory this weekend

Arlington Heights high school cagers have set sights on their first West Suburban conference victory either Friday or Saturday night of this week end when the local five journeys to Hinsdale Friday, then comes home to meet Glenbard Saturday.

To date Heights has beaten only Palatine, 53-40, during the holidays. One point losses have been suffered at the hands of Maine and West Aurora, two-point overtime has been dropped to Joliet, and a five-point loss dealt by Downers Grove.

**BUT DURING** the holidays Arlington has shown improvement and fans are confident a victory is forthcoming this week end. Hinsdale started the week weakly, dropping games 48 against the league leaders, to Oak Park, 60-34, Naperville, 43-41, and Geneva, 40-29.

They started recovering against Riverside, winning 58-55, only to find the south end school has won just one of four contests thus far—a 52-44 decision over Maine.

That Hinsdale's recovery is still not complete was evidenced Friday night when they upset Downers Grove, 57-51, leading all the way in the process.

**SATURDAY** night Glenbard comes to town with a 2-2 record in league play. Here again the Bards hold an edge over the locals. LaGrange rolled both Glenbard and Heights for 72 points, but the visitors scored 48 against the league leaders, as compared to Arlington's 36.

Then against York, Glenbard won by one point, while the Elm-hurst five drubbed Arlington by 23 early in the season. Heights holds one advantage, though, in a five-point loss to Downers while Glenbard lost to the same team by seven scores.

In other games Friday night LaGrange should take Downers, Maine plays at Glenbard, and York is at Riverside. Saturday night Riverside meets LaGrange, Hinsdale could win at Maine, and Downers goes to York.

**ARLINGTON'S** best chance for victory rests with Coach Maurice Klotz' frosh-soph. The yearlings are hanging on to fourth spot in league standings, while their two opponents this week have won, to date, just two games between them. Hinsdale lost to LaGrange by 11, while Heights dropped by 13.

Glenbard beat Downers by 12, while Arlington won by 10. The young Bards lost to LaGrange by 26 scores, while Arlington fell by 13. Then again, Glenbard lost to York by a pair, while Heights succumbed by 11.

If the local frosh-sophs can win, though, they could go into third place as LaGrange sets the pace.

**ANOTHER** double week end is on tap for the Cardinals next week when they meet Maine Friday night and journey to Belvidere Saturday, Jan. 19.

## Plan Lions club bowling meet Sunday on Round Lake alleys

Lions club district 1-F will hold its annual bowling tournament this Sunday, January 13, at the Lakes Bowl in Round Lake.

Thirty-seven teams, representing 21 area clubs from this area, will compete for 12 trophies, to be awarded for highest individual series and games and to high scoring teams. Bowling will start at noon, and the final games will get underway at 7:30 p. m.

Handing arrangements for the event are Charles E. Twadell, district governor, Libertyville; Leighton Mangels, Palatine; and Dorrance Nygaard, Winnetka.

# Glenbard upsets York, 40-39, on Elmhurst court

Glenbard's varsity cagers invaded York Friday night and came home with a 40-39 upset victory. Although the Hilltoppers maintained the lead throughout the contest, York threatened several times and almost knotted the score in the final stages of the game.

Co-captain Bob Frost paced the visitors, collecting three field goals and cashing in on seven charity tosses to rack up 13 points, while Ronnie Willis swished five baskets and a pair of free throws to take second.

However, Wally Kirk of York took scoring honors for the evening when he netted a quartet of field goals and eight free tosses for 16 points.

**THE BARDS'** triumph over their arch rivals can be accredited to accuracy at the free throw line. The one point margin was in the charity loss column where the Hilltoppers outshot York, 14-13, in spite of the latter squad missing only one attempt and by this high point man Kirk.

Undaunted as a pre-game underdog, the Hilltoppers rang up a 9-5 first quarter lead before the Dukes slowed down the Bards' scoring attack. They increased their lead in the second period and had a six-point winning margin as both teams entered the second half.

The Dukes finally settled down. Scoring went at an even pace through the third frame and the Dukes outdistanced the Bards, 14-12, to cut down Glenbard's winning margin.

The final period turned out to be the closest of all. York shattered the firm grip Glenbard had once held and tied it up at 32-all right after the opening of the last stanza.

York was somewhat hampered by the loss of their starting center, Shinesburg, who fouled out midway through the fourth period.

**GLENBARD'S PONIES** dropped their third straight conference game as York's frosh-soph quintet edged the impressive visiting crew, 44-42, in the preliminary.

An 18-point fourth quarter scoring attack, spearheaded by Dick Slater, almost caught the York squad with what would have been a surprising victory due to the Ponies' comeback in the final frame.

The Bards were playing the game at a large deficit until this final quarter. Then coach Don Fortunato's aggregation opened a scoring spree which turned the tide in favor of the visiting team once, although York's winning margin seemed just out of reach for the baby Bards.

Dick Slater, backed by his late-stage scoring rampage, took scoring honors as he pumped through four field goals and seven charities for 15 markers. Denny Cook collected 11 to take runner-up honors on Glenbard's squad.

**YORK'S BARTMANN** hit on a quartet of field goals and charity tosses to chalk up 12 points while teammate Falter connected for 11 points.

The York quintet outscored the Bards in every period except the final frame.

Things really started to happen in the finale. York's puzzled cagers watched the Ponies riddle their leader Dick Slater with the ringdier of the affair. Four times in a row he swished his deadly side shot to narrow the margin.

As the game lapsed into the final minutes, the Ponies for the first time captured the lead, 42-41. Bartmann of York tied things up when he netted a free throw and Schroeder set the Duke yearlings out in front when he netted a jump shot.

# Mac Says

(Continued from preceding page) rington will resume football relations again next September in a night season opener on the Arlington gridiron. Games between these two schools are alternals from the standpoint of interest and gate receipts and officials of the two schools, at least right now, plan to have their teams meet regularly in the opening game. With Marmion Military Academy the following week for a home game Arlington will have a very attractive gridiron slate for 1952.

**Grace pays Palatine team a compliment**

We are proud enough of a little compliment paid the Palatine basketball team, coaches, and manager, to mention it in this column. Wally Grace of Arlington Heights called us to mention that the Arlington High custodians reported Palatine leaving behind the cleanest dressing room of any of the cage opponents visiting Arlington this year. LaGrange left the football dressing room in the best shape, according to the custodians.

**LOU HAAKE, JR.** of Mt. Prospect was one of two bowlers competing Sunday in the Maddock tournament with two different squads. He is shown here adding one more shot to his 558 total for Annen & Busse, after marking a 504 set for Haberkamp Flowers on the first shift.

Elmer Schoening, owner of Bowlwood Recreation at Wood Dale, was the other double entrant, catching a 518 for Miller High Life on the first shift and adding a 508 on the second.

# Nolan's 24 points leads Wauconda upset of Grant in Northwest

Led by Bob Nolan's 24 points, Wauconda whipped favored Grant 49-48 in an overtime game to go into a second place tie with the Bulldogs in the Northwest conference with a 5-2 season record. Wauconda led all during the game and was in front, 34-28, at the half. In the final seconds Jim Kramer sank a free throw to send the game into an extra period. Nolan scored the winning tally on a fast break near the close of the extra period.

Art Smejkal, Grant star, did not enter the game until the last half being held out, due to weakened condition from an attack of flu. Smejkal helped overtake Wauconda with 11 points. Lumber and Smith each scored

nine for Grant. Nickel got eight for Wauconda.

Nolan's 24 raised his total to 174 for seven games, or half the league season. He needs 91 points in the remaining seven games to break the conference scoring record.

# LaGrange rolls over Arlington twice 72-36, 49-36

Arlington Heights high school basketballers found the going too rough Friday night at LaGrange as both Coach Ray DeGreeff's varsity and Coach Maurice Klotz's yearlings suffered definite setbacks, 72-36 and 49-36.

The first team game was decided in the opening period, increased it slightly the second quarter, then continued on to a 32 point margin in the second half before substituting completely the entire fourth stanza.

Once again it was Jay Vawter leading the offensive attack for Heights. He dropped in "one bucket" the first quarter, sank three in the second, and garnered one in each of the other two for 15 points. Dick McAuliffe dropped in a quartet of two-pointers, dropping in a pair each of the final two frames.

Only other scoring from the field for Arlington were Grace and Bowersox, each with singletons, and nine free throws. Both teams used 10-12 boys.

**THE FROSH-SOPH** encounter was somewhat of a different story locally. Arlington kept fairly even with the hosts in the opening quarter, 9-12, by virtue of Winterbauer's two baskets, one by Roger Thomas and five free throws.

Two more buckets by Winterbauer, plus others by Roger Thomas and Turner still kept the score, 26-17, fairly decent. But in that third quarter LaGrange spurred to a 40-27 margin and it was strictly no contest from then on.

High pointers for Coach Klotz were Winterbauer and Turner. The former dropped in four and two, and the latter three in two. For LaGrange it was DeGreeff and Sedgwick with 13 points, and Caffey with ten.

Arlington had a slight edge in free throws, sinking 14 of 26 with the winners carding 7 of 16

# Barrington surprises in 51-34 beating over Dundee; Sophs win too

Barrington surprised even their most optimistic and ardent supporters Saturday night by soundly trouncing a good Dundee team, 51-34. The night before at Palatine the Bronchos had looked anything but impressive but they completely dominated the game with Dundee. A packed house turned out to see a game in view of Barrington's 60-58 a week earlier at Dundee but instead it was a rout.

The Bronchos were off to a 24-15 first half lead and with Dave Heckmiller holding Allen, the Dundee ace, without a field goal in the second and third

## Windy City II, Tom Fool named for Classic, Derby

The 1951 juvenile champions of two continents, Greentree Stable's Tom Fool and Gus Luellwitz's Irish-bred Windy City II, are among the 196 nominees to the 1952 renewal of the \$100,000 Arlington Classic and the 194 named to the \$100,000 Washington Park American Derby.

Tom Fool won all polls as king of the American two-year-olds last year, while Windy City II—sold by Ray Bell to Luellwitz for a reported \$150,000—won the same honors in England and Ireland before being imported to the United States.

Traditionally the top-level 3-year-old stakes of summer racing, the 1952 Classic and American Derby also will be the richest sophomore races in the world next season.

With the unprecedented total of nominations, up 35 per cent over 1951, the 3-year-old events are expected to gross approximately \$160,000 each, with the winner earning over \$115,000. Second payments for the Classic and Derby, and seven other future stakes, are due February 1.

**THE RESPONSE** by horsemen was well over the expectations of executive director Benjamin F. Lindheimer, who not only doubled the value of the two stakes to \$100,000 added each, but reduced the distance of the Classic to a mile and the American Derby to a mile-and-an-eighth.

Almost every stakes-winning 2-year-old of 1951 was nominated for the two ultra-rich events. The list includes 28 winners of 45 major American juvenile stakes, all of whom are now eligible to aim at the lucrative Arlington-Washington prizes for sophomores.

Tom Fool, rated as the 3-year-old most likely to succeed in 1952, last year captured the coveted Belmont Futurity, the Grand Union Hotel Stakes, the Sanford and the East View and ran second to Cousin in the Hopeful.

**OH LEO**, hottest American contender for 2-year-old honors, also was nominated by J. H. Dunn of Oak Park. Oh Leo, a rugged chestnut, was the Chicago favorite in 1951, winning five stakes—including the rich Washington Park Futurity, the Primer Stakes, a division of the Hyde Park at Arlington Park, the Hawthorne Juvenile, and the Duncan F. Kenner Stakes at Fair Grounds.

Windy City II, named after Chicago by Bell, was ranked as

## Five boys win

## Palatine cops overtime thriller at Libertyville

Palatine high cagers nipped strong Libertyville, 50-49, in an overtime Saturday night away from home, indicating to doubting fans that they are arriving as a ball team. Coach Sanders' Wildcats of the North Suburban League had a 7-2 record, losing only to Lake Forest and Crystal Lake, before encountering Moyland's Palatine Pirates.

In spite of a grueling encounter the night before with Barrington the Palatine team played a fast breaking game the entire evening and improved as the game progressed. The decision finally came when Don Buenzow shot a free throw with just two seconds of the overtime remaining. Libertyville had rallied and come from behind to tie the score in the regulation game.

**PALATINE'S ZONE** had the Wildcats bothered at the start and the tall Palatine boys intercepted passes and broke down court fast for a big 13-2 lead in the first five minutes. Schrage and Buenzow each got three baskets in this early scoring spurge, but Libertyville took advantage of Palatine's bad passes and with some good passing of their own narrowed the count to 15-9 at the quarter and 23-22 at half time. Newman and Pinkstaff hit three baskets apiece from 15 feet out to put Libertyville back in the ball game.

Don Zoellick hit four times from the field to pace Palatine to a 38-30 lead in the third quarter and the Pirates had an eight point margin with four minutes to play in the final period. Then Yopp, Ray and Kay in nine points to give the Cats a 46-45 lead with half a minute to go. Paul Schrage pitched in a free throw for Palatine to knot the count and take the game into an overtime.

**IN THE EXTRA** period Don Buenzow hit from the field after one minute. Then Newman hit a free throw and with a

minute to go Pinkstaff hit a side shot for a Libertyville 49-48 lead. Paul Schrage tied it up with a free throw with 20 seconds to go and then Buenzow got a charity toss which was dropped so close to the finish of the game that Libertyville did not have a play after the tally.

The same five boys who performed so capably the night before went the distance against Libertyville and all played their best ball of the season. Against a very good pressing defense "Tinker" Meyer, Palatine sophomore, stood out as a ball handler and, assisted by Schrage and Zoellick, brought the ball down the court successfully.

Schrage was high point scorer with 17 points and Zoellick got 11. Buenzow and Abrahamson rebounded well at both ends of the court. Buenzow got 12 points and "Abe" hit for five as did Meyer.

**THE BIG FLOOR** seemed to improve Palatine's playing. Libertyville was weakened at the finish by losing two regulars near the end of the fourth period and their star, Newman, midway in the overtime. The game was loosely officiated and roughly three tries at the Wildcats were charged with 19 fouls to the Pirates' seven, made the difference in a tight game. Palatine's height advantage gave them the edge on ball possession. Newman scored 13 and Pinkstaff 12 for Libertyville.

The same teams play at Palatine in the final game of the season February 23.

**PALATINE'S** frosh-sophs absorbed another defeat, 29-18, but stayed with the junior Wildcat and wild field shooting cost Palatine a chance to win as they had many more shots than their opponents.

The Pirates led, 8-6, at half time. Weidner had seven points as did Rouse for Libertyville. Lawrence Hapke's six and Breyer's five were the best for Palatine.

**VARSIITY** Palatine (50) Libertyville (49)  
Abrahamson 12-4 Newman 6-1-3  
Zoellick 11-2 Pinkstaff 11-2  
Buenzow 4-4-5 Ray 2-2-5

## Wheaton trips Glenbard five in overtime

After tying the game in the last 45 seconds of play, Wheaton's Tigers continued their rally to halt the Hilltoppers a 49-45 overtime loss in the second game with Glenbard this season Saturday night. Wheaton trounced the Bards, 32-29, in their opening season tilt.

The Tigers, after losing at the end of the first half, bounced back to knot the score when Hamilton pumped through a drive in the second and was the ring leader in their eight point overtime scoring spree.

Both teams were given a chance to go out in front in the final minutes, but neither took advantage of the situation. With only 30 seconds left, Glenbard's Al Harp drove in to sink a two-pointer. However, one of the officials missed them both, charging Harp with steps.

**THE BASKET** would have clinched the game, but Wheaton was given the ball out of bounds, when Eddie Gary was given a chance to put the game on ice. Gary attempted a drive in shot under the Glenbard basket, but was fouled in his unsuccessful venture. He was given two chances to set the Tigers out in front and, surprisingly enough, missed them both, sending the game into overtime.

Wheaton's lanky center, Kamm, took scoring honors for the night when he sent five field goals and the same number of free throws through the hoop.

Ronnie Willis and Bob Frost paced Glenbard scorers, each gathering in 11 points for the losers.

Wheaton's Kamm controlled the backboard for the better part of the evening, although Glenbard's Bob Frost and John

## Sportsmen help

## Use thought and time to set up bird feed sites

A lot of well meaning but misguided sportsmen and bird lovers waste considerable time and energy in their bird feeding efforts during severe winter weather. They collect miscellaneous assortments of scrap grain and spread it over the snow in places where it is accessible to the feeder but not to the birds. In order to do any good the feed must be put where the birds are sure to find it.

Sportsmen must work overtime to keep the goodwill of farmers and many farmers are not too happy with efforts to feed birds on their farms when the city feller brings sweepings from an elevator that contains huge amounts of weed seeds. The farmer himself is the best bet for feeding birds on his own farm. He can and will usually do it when it appears necessary. He is not stopped by drifted roads as the man from town is. Feeding is usually only necessary and practical when the weather is at its worst.

**SOME WELL** informed sportsmen have adopted a simple but effective plan for feeding. Before the snow gets too deep they take a day off and drive spikes in fence posts near cover where birds and rabbits collect. On these spikes they ram an ear of corn picked up from a neighboring field. It is high enough to stay above the snow line but low enough for birds to reach. This automatic feeder is there long enough for the birds to learn about it and find food close to protective cover.

Quail require artificial feeding more than pheasants for they have more difficulty in getting through snow and usually do not go far from cover. Pheasants will roam far and wide in search of feed and can dig down through considerable snow for an ear of corn. Probably the best food for cold weather feeding is corn which provides an abundance of body heat.

**THE BEST** efforts of all interested in emergency feeding can be put into a permanent planting of Multiflora Rose which is always there when needed. It not only provides good emergency food supplies almost equal in value to corn but also gives cover from bird killing weather.

## Outdoors show in Chicago end of the month

Chicago's 14th annual Outdoor Show, to be held in the Coliseum Jan. 25 through Feb. 3 will bring with it summery, shirt-sleeved informality of your favorite vacation spot.

F. W. (Nick) Kahler, manager of the show, announced the long list of select exhibitors will duplicate the beauties of Minnesota, Wisconsin, Michigan, the Ozarks, the Canadian wilds, New England country side and other famous scenic wonders of the United States. And all will be backgrounded by stately pine and white birch that will give the Coliseum the friendly dignity of the north woods.

Heading the entertainment will be Kahler's famous aqua and stage show in which will be featured some of the best performers in swimming, casting, log rolling, canoeing, shooting, indoor skiing, and augmented by animal acts which will include bear acts, performing hunting dogs, sea high school horses and Indians.

The latest in sports equipment will be exhibited.

FRIDAY, JANUARY 11, 1952

Wise gave him a bit of trouble.

After Glenbard cut down Wheaton's margin by two points, Hamilton pumped through another basket. After collecting a few more points, the Tigers put the "freeze" on and coasted to their second straight triumph over the Bards this season.

**WHEATON'S CUBS** took advantage of free throws the Glenbard yearlings offered them to hand the Ponies their fourth straight loss, 47-38.

The Cubs collected almost three times as many points at the free throw line as Glenbard, although the visitors racked up two more baskets from the floor. The Cubs had a .750 average in the charity toss column when they hit 21 times in 28 attempts compared to Glenbard's eight completions in 17 attempts. Wheaton's "Butch" Burt had the best record for the evening when he swished 12 free throws in as many attempts.

Glenbard showed some improvement since their last encounter with the Wheaton frosh-soph. They more than doubled their previous score.

Glenbard's Tommy Peters, who had been switched to forward after playing the pivot spot since the beginning of the season, seemed familiar with the new post. He took scoring honors in the contest, sinking eight field goals and a pair of free throws for 18 points. Lederman was high for the winners when he chucked up five baskets and four free throws for 14 points.

Box score:

Varsity	Wheaton (49)	Glenbard (45)
Kuhn	12-15	5-12
Kuhnen	1-2	5-12
Anderson	0-2	1-10
Brunson	2-4	2-4
Kamin	5-8	4-13
Smith	1-1	2-11
Case	2-6	3-10
Hamilton	3-1	2-11
	15-19	15-25
Frosh-Soph	Glenbard (38)	Wheaton (47)
Slat	0-0	3-10
Newkirk	8-12	4-10
Peters	2-2	0-0
Mullin	1-0	4-10
Sullivan	1-1	2-12
Cook	3-4	5-11
Biddle	0-0	1-1
Bauder	2-2	2-11
Weiche	0-0	2-11
	15-28	13-21

## Barrington poise pays off in win over Palatine

Palatine gave Barrington their toughest conference game of the season last Friday, but at the final tally were losers, 33-27. It was a low score game because both teams played well defensively and both were cautious in their offensive tactics. In the final analysis it was the poise, ball handling, and shooting of Freddie Cochran which gave Barrington the game after Palatine had tied the score with three minutes to go. Cochran drew fouls for three straight free throws in the final minute as he stalled and pulled Palatine out of their zone defense.

Dave Heckmiller, who did not start at center and who has been a light scorer all season, made two baskets in the final quarter from the free throw area when the score was close, to turn the tide for the Bronchos.

**WITH MOST** of the scoring on free throws Barrington led, 11-7, at the quarter. Palatine pulled into a 13-11 lead in the second period but the Bronchos, led by Cochran, went ahead at the half, 17-14. Three long shots in a row by Hoffelder, Cochran and McGowan put Barrington in front, 23-14, after two minutes of the third segment but Palatine pulled up, 23-22, at the end of the period with "Tinker" Meyer hitting a long one from center. After Cochran hit a free throw Meyer drove in for a layup on a fast break to tie the count, but from then on the Bronchos took command.

Fred Cochran paced Barrington with 14 points while McGowan had eight. Don Buenzow's nine was high for the Bronchos. Barrington found the narrow court very cramping to their style of play but Saturday night at home got going to soundly drub powerful Dundee.

**AFTER A CLOSE** low scoring first four minutes Barrington's frosh-sophs shifted to a pressing defense and badly routed the Palatine sophomores, 58-21. Roy Dewitz, diminutive Broncho forward, played an outstanding floor game and was Barrington's play maker. In addition, Dewitz tallied 20 points. Babb

scored 13 and Savely got 12. McElroy counted nine for Palatine. Barrington led 43 to 11 going into the final period and had their whole squad in the uneven contest.

**CHRISTIAN SCIENCE CHURCHES**  
That we must be baptized with

Jesus' purity, partake of the bread  
of Truth, and drink of the inspira-

tion of Love in order to understand  
and have a part in the spiritual

restoration, will be explained in  
all Churches of Christ, Scientist.

The title of the Lesson-Sermon on  
Sunday, January 13, is "SACRA-

MENT."  
The Golden Text is from Psalms

(24: 3, 4) "Who shall ascend into  
the hill of the Lord? or who shall

stand in his holy place? He that  
hath clean hands, and a pure heart."

Lesson-Sermon passages from  
the Bible (King James Version) in-

clude the following:  
"When the morning was now

come, Jesus stood on the shore:  
but his disciples knew not that

it was Jesus. . . . And he said  
unto them, Cast the net on the

right side of the ship, and ye  
shall find. They cast therefore,

and now they were not able to  
draw it, for the multitude of

fishes. . . . Therefore that dis-  
ciple whom Jesus loved saith un-

to Peter, It is the Lord (John  
21: 4, 7).

Selections from "Science and  
Health with Key to the Scriptures"

by Mary Baker Eddy, include:  
"This spiritual meeting with our

Lord in the dawn of a new light  
is the morning meal which Chris-

tian Scientists commemorate.  
They bow before Christ, Truth,

to receive more of his reappear-  
ing and silently to commune

with the divine Principle, Love.  
They celebrate the Lord's vic-

tory over death, his probation in  
the flesh after death, its exempli-

fication of human probation, and  
his spiritual and final ascension

above matter, or the flesh, when  
he rose out of material sight" (p.

36).

**PROSPECT HEIGHTS**

officers will meet at the home  
of Mr. and Mrs. Everett Rogers,

222 N. Bothwell st., Palatine.  
Wednesday, January 16: 7:45

p. m. Praise and prayer service.  
FRIDAY, JANUARY 11, 1932

## In the Shadow of The Steeple

by William O. McGinn

The time was when it was not necessary to do much to stimu-  
late community spirit. Life was fairly local; the village church or  
churches, the lodge, the barn-raising, the husking-bees, the so-  
cials of either church or lodge represented the sum of community  
life; and there were not too many encouragements to go outside  
the community, nor too wide a range of entertainment available  
within the home.

The automobile, the movie theatre, the radio and the tele-  
vision have changed all of that. What part of life they did not  
affect were changed by the mechanical picker and the contractor  
who built barns. And community  
spirit has required constant ef-  
fort and stimulation for its life  
and development.

## FOR SALE

## 200 FEET IN SCARSDALE ESTATES (Or Will Divide)

A former Scarsdale owner had first choice of lots in Scarsdale Estates when Tackett first developed it and selected 2 of the finest lots in this exclusive Ranch house community. These 2 lots are on the East side of Belmont Avenue—the 4th and 5th lots South of Rockwell—the highest ground in the area and one of the very few lots that have trees on them. The adjoining owner is interested in acquiring from 25 to 50 feet of this property, therefore, we can offer an extremely flexible deal to a prospective purchaser. From 100 to 200 feet frontage with a depth of 200 feet at \$30.00 foot.

## SELLING YOUR HOME

## REQUIRES

## MORE THAN JUST LISTING IT

## WE OFFER THESE ADVANTAGES:

## LOCATION:

Our office is prominently located right on Northwest Hwy. (where nearly every buyer stops first when entering our community.)

## ADVERTISING:

Your home should be individually advertised in detail. Our Ads tell the complete story. We believe this to be much better than two or three non-descriptive lines emerged or lost among a lot of other homes offered.

## FINANCING:

A lower down payment always means a greater number of buyers for your home. CHANCES ARE 100 TO 1 YOUR HOME IS NOT UNDER REGULATION X. Several new mortgage sources enable us to offer homes at a lower down payment than heretofore.

## EXAMINE THE ABOVE FACTS AND LET US HELP YOU TO PROPERLY OFFER YOUR HOME IN TODAY'S MARKET.

## In California

Donald Virgil Richmeier, 20, son of Mr. and Mrs. Al Richmeier of Arlington Heights, left December 26 for San Diego, Cal., where he will undergo basic training with the Marines.

Sgt. Kastner of the Elgin Marine Recruiting office, which is the enlistment office for this district, said Richmeier had the honor of being the first Marine from Arlington Heights to enlist through his office.

Prior to enlisting in the Marines, Richmeier was employed as assistant shipping clerk at Arlington Heights. He attended St. Mel's Military Academy for three years, and was a member of the ROTC. He graduated from Arlington Heights high school in 1949.

All men in the district bound by Aurora on the south, Elmhurst on the east, DeKalb on the west and Lake county line on the north, who would like more information about the Marines, or who would care to enlist, are asked to see Sgt. Kastner of the Elgin Marine Recruiting office, 24 N. Grove, Elgin. A telephone call to Elgin 10143 will also reach Sgt. Kastner.

Servicemen always appreciate letters from home and therefore Paddock Publications likes to print the addresses of servicemen so that friends may write. Richmeier's address is as follows: Pvt. Donald Virgil Richmeier, 1621534 USMC, Recruit Bn., Marine Corps Recruit Depot, San Diego, California.

## In Korea

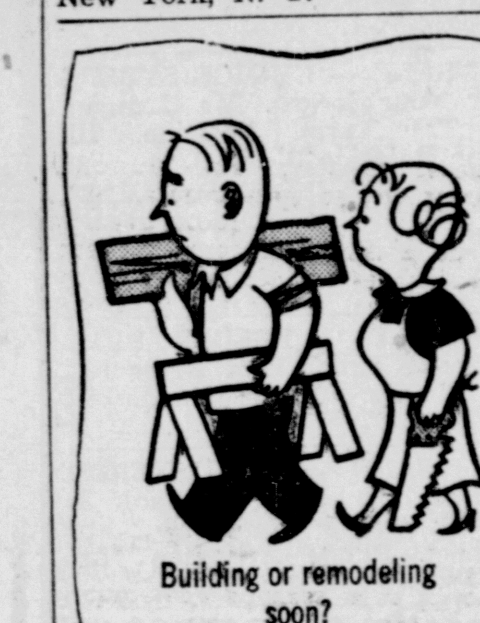

John Ihle, son of Mr. and Mrs. Charles Ihle, 3 S. Albert, Mt. Prospect, recently was promoted to sergeant while serving with the 7th Infantry Division on the Korean front.

A veteran unit of the Korean fighting, the division recently has been engaged in patrol activity along the snowy east-central front.

Ihle, a squad leader in the 17th Infantry Regiment, entered the army 13 months ago and has been in Korea seven months. He attended Lincoln Hill high school in Osseo, Wis.

## In Europe

Now in Europe is N. C. Ashcraft of Arlington Heights. His address is Cpl. N. C. Ashcraft, AF 16357029, 59th Operations Squadron, APO 124, c/o PM, New York, N. Y.

## Sophia Blume

Funeral services were held Sunday afternoon at Palatine Lutheran church for Mrs. Sophia Blume, who had been a resident of Palatine almost 93 years. Interment was in the Southside cemetery.

She was born March 13, 1859, and was the daughter of Mr. and Mrs. Henry Hinneberg. She was baptized by Rev. Fred W. Richman of St. Peter Lutheran church, Schaumburg, who was then serving the Lutherans at Palatine. Mrs. Blume was confirmed in the newly organized Immanuel Lutheran church by Pastor H. Rathjan.

She became the bride of Conrad Blume October 19, 1877, residing for many years south and east of the village. Six children were born, two of whom, Sophia and Louise, preceded their mother in death.

Her husband died March 21, 1933. Mrs. Blume died January 3, 1952, having attained the age of 92 years, 9 months and 20 days. Members of family remaining are Mrs. Henry (Lena) Scholman, Arlington Heights; Emma, Fred and William, of Palatine; four grandchildren and five great grandchildren.

# Campus Capers

## At St. John's

At St. John's Military Academy, Delafield, Wis., at the annual Board's Head banquet, the traditional breaking up celebration held the night before the cadets leave for their Christmas holidays, Theodore W. Simroe, son of Mr. and Mrs. T. W. Simroe of 600 E. Euclid ave., Arlington Heights, was awarded the honorable medal for the best set-up new cadet at the academy.

Ted showed his skill by playing half-back on the junior varsity football squad and guard on the varsity basketball team. He has also received two gold stars for his outstanding scholastic work. Ted is a freshman at the academy.

## At Bradley

Richard von Kampen, a senior at Bradley university, Peoria, was recently elected and installed as first vice-president and pledge-master of the Zeta Alpha chapter of Alpha Phi Omega fraternity.

He was a member of the first pledge class of this chapter and has been active in this chapter ever since.

## McHenry county theater guild plays start at Woodstock this week

The McHenry county theatre guild starts its 1952 season at the Woodstock opera house, Friday, January 11, sponsoring "The Kid from Brooklyn," a boisterous farce twice made into movies starring Harold Lloyd and Danny Kaye. This is the first of five different Carl Stehn productions sponsored by the guild on successive week-ends.

"The Kid from Brooklyn" is a hilarious farce concerning a milkman who through a series of flukes finds himself a boxing champion.

The second play of the season will be "The Curtain Rises" a romantic comedy set in old Vienna. Miss Patricia Randolph will appear as guest artist in the role recently played in the east coast tour by Veronica Lake. Miss Randolph comes from Evanston and is active in the mediums of television and fashion modeling.

## 1 killed, 3 hurt in area accidents during December

Sheriff's police at the Milwaukee avenue station investigated 91 traffic accidents during December in which one person was killed and 35 persons were injured.

In addition, the officers investigated 256 other complaints. Among the complaints were nine burglaries, four of which were marked solved; four petty larceny cases, and 11 malicious mischief counts.

## Caroline Wichman

Mrs. Caroline Wichman, 79, died early Sunday morning following an illness of two months. Funeral services were held Wednesday afternoon at Immanuel Reformed church, Hanover township, Rev. Peter, Beecken officiated. Burial was in Hanover cemetery. Stout Funeral Home, Elgin, was in charge of arrangements.

Deceased was born August 3, 1872, in Hanover township and made her home on a farm in Schaumburg until the death of her husband, Christ, 28 years ago. She was a member of Immanuel Evangelical Reformed church of Hanover township, St. Paul's Evangelical Reformed church of Elgin and St. Paul's Ladies' Aid society.

Her husband, her parents, four children, a sister and two brothers preceded her in death. Surviving are: two daughters, Emil Wendt and Mrs. George Peterson of Elgin; two grandchildren; three sisters, Mrs. Louis Rohrsen, Mrs. Godfrey Williams, both of Elgin, and Mrs. Arthur Kleinschmidt of Roselle; two brothers, Henry Hecht of Plainfield, Mich., and Herman Hecht of Elgin.

## Fred Holste

Fred Holste, 82, late of Wauconda, died January 3 at the home of his daughter, Mrs. Camp, of Wauconda. He had made his home there since July 2.

Mr. Holste was born August 12, 1869, in Palatine and lived there until 1946 when he left to make his home with his children. He married Miss Minnie Prellberg May 10, 1896. She preceded him in death in August 1943.

Palatine Park was the site of Mr. Holste's farm, but in 1917 he left the farm to move into Palatine.

Survivors include: his children, Alvin, Lucille Camp of Wauconda, Emily Popp, Dorothy Poeliet of Barrington, Oscar, Viola Brettner of Chicago; seven grandchildren; five great grandchildren, and two brothers, August of Pekin and Herman of St. James, Minn.

Funeral services were held Sunday at Tharp's funeral home, Rev. Riske of the Evangelical Lutheran church of Barrington officiated. Interment Hillside cemetery.

## Lena Huber

Funeral services were held Wednesday for Mrs. Lena Huber, 79, late of Algonquin rd., Arlington Heights, at St. John Evangelical and Reformed church, Arlington Heights, at 2 p.m. Rev. William F. Kamphenkel officiated. Interment St. Peter Evangelical and Reformed cemetery, Northbrook. Black's Memorial Home was in charge of arrangements.

Mrs. Huber, nee Schuette, was born November 4, 1872, in Chicago. She married Edwin Huber in Chicago October 25, 1908. Following their marriage the couple made their home in Northbrook, later moving to their present home where they have lived for 26 years.

Mrs. Huber was a member of St. John Evangelical and Reformed church and also a member of the Martha Circle of the church. She died Sunday, Jan. 6.

Survivors include: her husband, Edwin; three sons, Carl, Albert and Ernest; four daughters-in-law; 15 grandchildren and five great grandchildren.

## CARD OF THANKS

Our thanks and appreciation go to old time friends and neighbors for their many expressions of sympathy, floral tributes and assistance in our bereavement in the loss of our father.

The family of  
Fred Holste

(B5)

## CARD OF THANKS

We wish to extend our deepest thanks and appreciation to the Reverend Hilmar Th. Rosenberg, also to the many wonderful friends and neighbors for their thoughtfulness in our recent bereavement.

The Blume family.

(B5)

## Benjamin H. Volkening

Funeral services for Benjamin H. Volkening, 51, former resident of Schaumburg, were held Saturday afternoon at Stout Funeral home in Elgin. Interment West Chicago.

Mr. Volkening died of a heart attack Wednesday in Miami Beach, Fla., where he had been making his home the past two months. Prior to moving to Florida, he had been living at the home of his sister, Mrs. Arthur Heide of Schaumburg. His wife preceded him in death last year. He was born February 22, 1900, in Burlington, Ill.

Surviving are: four sons, Howard, Victor and Wesley, all of Elgin, and Robert, who is serving with the armed forces in Japan; a step-daughter, Mrs. Chabot of Chicago; six grandchildren, and two sisters, Mrs. Arthur Heide of Schaumburg and Mrs. Arthur Orton of Elgin.

## William Heinsohn

William J. Heinsohn, 66, of Prairie View, a life-long Lake county resident, died Jan. 2 in Condell Memorial hospital, Libertyville. He had been a patient there since December 24.

Born in Elia township August 13, 1885, Mr. Heinsohn farmed in that area until 1943 when he moved to Prairie View.

He was married March 11, 1914, to Lora Landmeier, who survives him.

Other survivors include three brothers, Carl of Barrington, George of Mundelein and Louis of Sister, Ore.; six sisters, Mrs. Emma Gottschalk, Mrs. Mary Loomis, Mrs. Bertha Wirtz and Mrs. Minnie Gleason, all of Mundelein; Mrs. Anna Friebe of Bensenville, and Mrs. Lena Meng of Ohio, and 35 nephews and nieces.

Funeral services were held at the funeral chapel at 128 E. Park ave., Libertyville. Burial was in Long Grove cemetery.

## William Kroencke

Funeral services were held at Tharp Funeral Home, Palatine, Tuesday for William Kroencke who died January 4, his ninety-ninth birthday. The services were in charge of Rev. Glenn G. Gumm of St. Paul church, Elgin. He had suffered a stroke the preceding Wednesday.

Deceased was born January 4, 1853, in Palatine on the farm on Roselle road where his father, the late Peter H. Kroencke, and his wife Caroline Kuecker had taken up a land grant from the government.

William was one of fourteen children. He never married and remained on the farm with his sister, Elizabeth, until 1923 when they moved to the village of Palatine. She died in 1938. During the past 12 years he made his home with Mr. and Mrs. John Schinkowsky at 310 East Chicago ave.

There remain two sisters-in-law and six nieces and nephews.

"Our Aim: To Fear God, Tell The Truth, and Make Money." — H. C. Paddock, 1898-1935

## Happenings 10, 20, 30, 40 and 50 years ago this week

Editor's Note: Some of the items reprinted in this department would be taboo under modern journalism. They are being included because newspapers of 40 years ago included such personal items.

### Ten Years Ago

**JANUARY 8, 1942**  
Arlington Heights will pay its own defense expense. The Illinois Municipal League has sent a questionnaire for all villages within the state asking how much money they will need for defense purposes. The money is supposed to come from a big defense fund that Governor Green is asking from the state legislature.

Seventy-three new homes were erected in Prospect Heights during 1941.

**Defense activities in Arlington Heights**  
The salvage of waste paper may be adopted by the Arlington Heights defense council to secure finances to carry out its program.

Tire rationing is bringing the war close to home more than anything else.

The honor of being first to enroll in the defense call belongs to Judge Harvey M. Adams.

"We wish to call the farmers' attention to the civil defense work that is being instituted the country over," says Farm Adviser C. A. Hughes.

Farmers are urged to register with their nearest civilian defense board from which they may secure tires.

Arlington Heights anticipated a national county plan for organization and was ready to go two weeks before Uncle Sam announced his uniform plan.

Elroy Winkelman, froze his hands attending the fire at 1001 W. Euclid st. The hands of Frank Schulenburg, also a fireman, were frozen.

Mrs. Mary Csanadi of Arlington Heights had to wait ten days to complete a phone call to a brother in Hawaii. The conversation was censored the same as letters.

Henry Grupe, who was tax assessor of Bloomington township 45 years, died December 30.

Arlington theater benefit netted the Red Cross \$700.

### Twenty Years Ago

**JANUARY 15, 1922**  
Two men charged with robbery of the Itasca State bank will go on trial. They took \$4,686 October 3, 1920.

The management of the community dining room in Arlington Heights has been told that a well known milk association has put the ban on any more donations of milk by farmers to the relief work.

One farmer had 24 cans of milk he could not sell and had made the practice of giving the milk to help feed badly undernourished school children and mothers of Arlington Heights. He was warned to stop such donations. He has to throw his 24 cans of milk away after skimming the cream, while the

### Thirty Years Ago

**JANUARY 20, 1922**  
The American School Board Journal for January contains an article on the needs of our country schools written by T. C. Hart, president of the Palatine Board of Education.

"Conservatism which holds that the school system is better off when a meddling public stays at home can only lead to that apparent harmony which means stagnation," said T. C. Hart.

There will be a meeting of the Arlington Heights Community Council in Kellings Hall.

### Forty Years Ago

**JANUARY 19, 1912**  
The American Telephone and Telegraph co. has announced that the link between Denver and the Pacific coast will be bridged by a long distance telephone line within 12 months. Heretofore Bell telephone lines had connected all cities east of the Rocky mountains, but it has been

impossible to send the voice beyond Denver.

Arlington Athletic club says, "We furnish fine music and maintain good order, so ladies and gentlemen can come to our informal dance at Arlington Hall."

It has been so cold the past two weeks that even the news in Palatine froze up.

H. L. Giles, Bensenville lumber dealer, with party of Arlington Heights business men rode in a private car through the Rio Grande valley of Texas where many of them bought land. They expect to make a fortune on potatoes planted in November and December and harvested in February and March.

Maryland has revived the old custom of whipping wife beaters. A little whipping now and then will often cure the worst of men.

A new speed record for the Galena division of the Northwestern was made when a special train of four steel coaches traveled from Chicago to Clinton, Iowa, a distance of 138 miles in 136 minutes.

Officers elected by Elk Grove Local of CCTG and F are Louis Heimsoth, president; William F. Wille, vice-president; Herman Schwake, director, and Julius F. Precht, treasurer.

The Mt. Prospect local elected William C. Wille, president; A. F. Froemling, secretary, and Emil Holste, treasurer.

### Fifty Years Ago

**JANUARY 18, 1902**  
The weather so far this year has been more like April than January.

We believe that the public will re-elect William Busse as commissioner against any political wheeler who might be elected by the United Charities of Chicago unless the state legislature comes to the relief.

Half of wealth in Cook county dodges taxes as poor lose homes.

Complete exhaustion of relief funds by March 1 in Cook county, acute hunger, bread riots and wholesale evictions are predicted by the United Charities of Chicago unless the state legislature comes to the relief.

Butler on the Elgin Board of Trade Monday is steady at 24 1/2 cents.

James Moorehouse has a hot water plant for his barber shop and contemplates adding a modern bathroom to his tonsorial parlors. Palatine will soon be up-to-date.

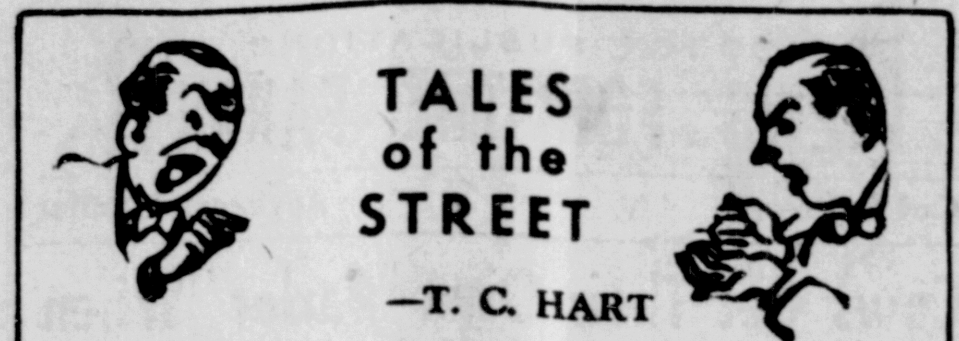

Lake county has risen up in arms over the gambling and pool concern that Chicago gamblers have located near Deerfield. An attempt was made Saturday to burn the building.

A graphophone entertainment was given in Sigwalt's hall, Elk Grove.

It is suggested by the elderly matrons of Meacham (Medinah) that those donating old clothes to the deaconess home remove the name of the manufacturers of the goods, and that the giddy young married and single ladies be excluded from the packing of the same.

If everybody should go to the devil who are told to by others, it would keep old nick mighty busy holding interviews.

F. W. Mueller has put in one of those Fairbanks-Morse gas engines to run his bottling establishment.

## TALES OF THE STREET

—T. C. HART

### COSTLY

It's a costly proposition to drive automobiles down the railroad tracks in Palatine. For the second time within a few weeks a fine of \$50 and costs of \$4.00 was assessed against an autoist who had used the railroad for a right-of-way.

The latest case concerned a man who drove from Smith st. half way to Brockway st. on the tracks. Just how he got there he wasn't certain, but the judge seemed to think that a little too much New Year's Eve celebrating might have had something to do with it as the stunt occurred at 7:45 a. m. on New Year's day.

The autoist left the car on the tracks while he went in search of a tow truck. A train due in Palatine in a few minutes was held at Barrington until the tracks were cleared and the auto removed.

This driving down railroad tracks is getting to be a serious problem to the local police and these fifty and costs fines are assessed in the hope that careless autoists will take particular care to keep off the tracks.

Special agents of the railroad who were present at the court hearing said the railroad could prefer charges of obstructing a railroad against such offenders. This is a serious charge and if pressed could result in a lot more severe penalty than those fifty dollar fines which the village is using as a preventive measure.

**NEW SERVICE**  
Judge Hartman announced a new and novel service that is offered by the Palatine Police Department.

That is, a court hearing. If an autoist wants to celebrate some special occasion, or if he just wants to go on a quiet "binge," the police will take care of him.

If the celebrator will check in with the policeman on duty and leave his car key with the cop, he can go his merry way.

When the celebration is finished, he will again confer with the cop and if the officer judges he is in condition to drive, his car keys will be turned over to him and he can drive home. If the officer thinks he isn't in condition to drive, the officer will take him home.

Now boys, how's that for service? You can now go on a "whoopie" without any worries about getting home safely. The police say the new service is all in the interests of safety, safety for the celebrator and everyone else who might get in the way.

**NEAR NORMAL**  
Just as everyone was thinking that 1951 had been about as woody a year as we've ever had climatically, along came the final official figures of the year which show a year's excess of temperature of only 55 degrees and a December deficiency in temperature of 16 degrees.

Folk's wonder just where we had enough heat to make the year 55 degrees above the average, but that's what the figures show.

It was a year of excessive extremes in both heat and cold with terrifically sudden changes from one to the other, and where the final balance was just about normal—well, what has 1952 in store for us we wonder?

**A BREAK**  
The young man who swiped the clock in the Palatine post office got a big strong boy, but he's too busy with basketball to do this," she greeted. Yes, that lad is a good basketball player and a good football player. Many times his playing brings roars of approval from the fans on the football field or the basketball court, but he might get a lot more cheers from his mother if he'd get out there on the business end of that snow shovel.

How about it, coach, when all those snow storms come along.

**TOO BUSY**  
While wallowing through the fast falling snow the other day, we met a lady all bundled up trying to keep the sidewalk clear.

He's got a big strong boy, but he's too busy with basketball to do this," she greeted. Yes, that lad is a good basketball player and a good football player. Many times his playing brings roars of approval from the fans on the football field or the basketball court, but he might get a lot more cheers from his mother if he'd get out there on the business end of that snow shovel.

How about it, coach, when all those snow storms come along.

**APRIL THAW**  
That farmers' almanac that Joe Jost is so fond of quoting says the big thaw this year won't come until April. Just because that "thing" was right on a couple of big snowstorms, doesn't mean they can hit it on the nose all the time. They may be wrong on this thaw business. Anyhow, spring will get her sometime and meanwhile the days are getting longer.

**THREE SISTERS**  
I recently heard you ran a picture of the first three grades of Arlington Heights grade school. Three of my sisters, Grace, Mary and Florence, are in that picture and I would like a copy. Only Grace is still alive. I'll value the picture.

Mrs. Margaret Peterson 3834 43rd Street San Diego 5, Calif.

**Worse each year**  
The writer does not feel he is either justified or qualified to refer to our Arlington Heights trustees as hay-seeds or goofs, etc., but I have a good deal of understanding of some of the statements made in the anonymous letter our Mayor authorized you to print.

I've walked the section in question for the past ten years and sincerely believe that it gets worse each winter. These people should be compelled to clean the snow from the walks.

Not-so-sorry  
Property Owner  
Arlington Heights.

**Discarded trees**  
There is still a use for those discarded Christmas trees and greens. They make a fine decoration for the bird feeding ground. Just stick them in the snow banks around the feeding ground and it gives the birds and squirrels an "at home" feeling that encourages them to hang around all the more.

We had no more than put out a small tree when a squirrel showed up to investigate what it was all about. He looked over the situation and finding everything to his liking, he hunted up some morsel of food and sat up under the tree nibbling away contentedly on his lunch.

**THE MAILMAN'S CORNER**  
BY LELAND ELLIS TRUXELL  
I was talking to a taxicab driver the other day and I have now decided that if I ever have another life to live here on earth, like some people say everyone will have, and if I am not a cow or a crocodile or a lowly worm or something like that and have any choice in the matter at all, I am going to be a taxicab driver.

You are wondering why I would rather be a taxicab driver in my second life, and I am going to tell you.

A taxicab driver came into a restaurant where I was dining, and we got to talking about a taxicab driver's life, and it is wonderful, no less. You are not working at a machine, or tramping three times around the world in a lifetime like a mailman, nor yet wearing a white shirt and a lead pencil to work every morning and sitting behind a desk or working behind a counter.

Yes sir! A taxicab driver is about the freest person on earth. A taxicab driver just goes down to his garage and gets into his cab and he is like the captain of a ship, only he does not have to study the moon or the stars to find out where he is going. He starts out on a voyage packed with adventure to the far corners of the city, never knowing whom or where his next fare will be. He may pick up Hedy Lamarr, and the next fare may be a gangster, a minister of the Gospel, and he may be shot in the back or saved by Grace. This is not nearly such terrible uncertainty as you think, because it is the adventure and danger of life that makes it

## THE FENCE POST

Letters to the Fence Post should be short and concise. All letters must be signed, though name will be withheld if desired. Address Fence Post, Paddock Publications, Inc., Arlington Heights, Ill.

### Praise where due

Not only do I believe that proper thanks and praise to our Palatine fire department should be expressed in public print but am also sure that many others will appreciate this sort of a story and the comfortable feeling of assurance which it gives.

About 5:00 o'clock in the afternoon of Christmas Eve the chimney on our house caught fire with a sudden roar, gushing flames and showers of sparks. We were three full miles from town but "believe it or not" within six minutes from the time I telephoned the operator, the fire trucks were in our driveway ready for action.

Between the good fortune of having plenty of snow on the roof and the chimney fire burning itself out, there were no serious results at all. It was almost a shame that there was no real fire for the men as they were just as courteous and nice as they were speedy.

Real thanks to each one of the men who are so obviously "on the job" for the fire protection of all of us.

MacArthur Naves  
Elia Road, R. R. 2  
Palatine, Ill.

### Thank you

In behalf of the Wheeling Township Regular Republican Woman's Club, the executive committee wishes to express gratitude to the editor of Paddock Publications for the wonderful cooperation received during the year 1951 on publicity.

The coming year will be a vital and important one in campaign activities and we hope our relationship will continue. Whatever support and cooperation we receive will be of extreme value to aid our goal of getting out a strong and powerful vote in the forthcoming primary and general elections.

Wheeling Township  
Regular Republican

committeewoman

how about giving the boys some time off from practice and let them get in condition. Tossing some of that snow around? Maybe that won't bring roars of applause from the fans, but it will bring a lot of appreciation from their parents and from the public which is more interested in getting through the snow than they are in touchdowns and baskets.

**LAST CHANCE**  
January 15th is the last chance for persons who are not registered to get their names on the voting lists before the April primaries.

With what appears to be some interesting contests in both big parties, everyone will want to be able to vote.

Registration for village residents should be made with the village clerk and for residents of the township outside the village, with the town clerk, E. P. Steinbrink, village clerk and Geo. W. Hawes town clerk in Palatine.

**TOO BUSY**  
While wallowing through the fast falling snow the other day, we met a lady all bundled up trying to keep the sidewalk clear.

He's got a big strong boy, but he's too busy with basketball to do this," she greeted. Yes, that lad is a good basketball player and a good football player. This is not nearly such terrible uncertainty as you think, because it is the adventure and danger of life that makes it

**LOTS OF BREAKS**  
While speaking of breaks, the youth of Palatine are getting a lot of fine breaks right along from the police officials. If anyone ever leaned over backward to give youngsters a break and try to set them on the right track, local officials are doing it. They have had a lot of aggravating cases and experiences with some of the juveniles, they have done their utmost to help those juveniles to see the error of their ways.

There are a lot of youngsters who right now would be home or in the juvenile home or county jail if it were not for the fact that local officials are bending every effort to get them to correct their own way of life and become decent citizens.

Some of these juveniles have been given a wonderful break by

### Good neighbors?

It looks like Arlington Heights will have to finally give up its slogan of a "city of good neighbors."

I live in the 500 block on south Vail. Our friends in the 500 block on south Highland invited us to their home New Year's Eve. From the time we parked our car until we returned from our visit, exactly one-half hour had passed. The police were already there because our car looked suspicious.

We had left the lights burning because we knew it would be only a matter of minutes until we would leave, but some of our neighbors newly moved from Chicago or elsewhere apparently wanted to become acquainted with our police by calling them for every little thing. They should become quite popular with their neighbors.

John Heintz  
518 S. Vail St.  
Arlington Heights

**Guided missile**  
Now comes a "missile" from "Sorry Property Owner" who with words of opprobrium and much venom berates the powers that be in Arlington Heights about the cleaning of "the beautiful" when a large and sudden succession of snow-storms present themselves. Perhaps with some justification, but the gentleman should remember the snow cleaner-upper probably did their best without flame-throwing devices.

There is an old saying to the effect: "Let every one sweep before his own doorstep and the streets of Jerusalem shall be clean." But lo and behold, this is modern and streets must be cleared for motorists, so — they sweep the snow from mid-street to hinder pedestrians. This, along with the fact that many property owners neglect to "clean before their own doorstep" seems to be the gentleman's grievance. He should remember, however, that much better clearing machinery is in evidence (and used) than in former "old-fashioned" winters, when the boys had to dig a trench from the back door to the woodpile to build a fire in the stove on zero mornings.

Even with modern conveniences things simply ain't perfect yet.

C. H. Hunt  
Arlington Heights

**Jack lanterns**  
The Palatine Enterprise arrived this Friday morning and, as usual, I waded through the many pages of news, right away. One story tells me that a third resident of Palatine has driven an automobile down the railroad tracks. Palatine seems to be in worse shape than Barrington, in lighting its streets. You still have the Santa Claus "jack lanterns" hung on every post in town, with all four windows intact. In Barrington the Santa Claus "jack lanterns" had two of the windows knocked out before they were hung this Christmas so at least one can see a little better in getting around in the business area.

By the way, the other day I got off the train to see a movie at the Palatine Theatre and I had to crawl over piles of ice and snow on the sidewalk before I could get to the front of the building. I'll come back after the "jack lanterns" have been taken down.

## JUST AROUND THE CORNER

from PATTY McARDLE

January 4, 1952

Dear Peg:

Here is one New Year's resolution I have resolved to keep—no more of this "only-on-a-holiday" card sending—but a real letter every week!

I received your Christmas note, and had such fun reading about your family's activity during 1951. As a matter of fact, as soon as I read it I decided that an "Our Family—1951" letter back to you would properly launch my New Year's resolution. . . .

The 1951 winter months brought just the right amount of snow for several tobogganing parties at Bob's family's home—Manapusu Farm. When I say "tobogganing" I actually mean riding over the back pasture on a toboggan sled attached to the back of the "jeep." With George "piloting" the "jeep," and Edward fearfully wringing, the ride was an exciting one — if not a smooth or long lasting one. How those two young brothers took delight in overturning us in the biggest and deepest drift they could find! Believe me, after an hour or so of this "tobogganing," we were all anxious to get inside to the warmth of a brightly lighted fireplace and a cup of hot cocoa.

IT WAS in the spring, Peg, that we moved from our second floor apartment to the third floor apartment of this huge, hundred-year-old house in which we live. I remember the day Bob and I made the decision to move up here. The former tenants had left and we were strolling through the empty apartment, both of us thinking, "What spacious rooms . . . attractive views from each window . . . two bedrooms . . . only a little more rent than . . . the second floor apartment."

The fact the wall paper was hanging off the wall in many places, the floors were almost black from layers of varnish, and wherever there was paint it was chipped and cracked, didn

## Tells outlook on beef and pork future prices

"Current prices of beef and pork at the consumer level are indicative of price relationships and trends in the live stock industry and have a direct bearing upon the supply of meat available," H. M. Conway, live stock market analyst, points out. "Meat from each species of live stock is an individual product and as such competes on the consumer's table," writes Mr. Conway. From an overall standpoint the price of meat is determined by (1) the value of the dollar, (2) per capita meat supply, and (3) consumer demand. At this time there is much publicity with regard to the prevailing relation between cattle and hog prices.

"IT SHOULD be recognized that pork production is normally about 10% greater than beef production. This in itself would put hog prices on a relatively low basis as compared with cattle. Also, the hog industry is at the peak of a marketing cycle, whereas cattle are being held for potentially increased beef production. Thus the per capita supply of pork is relatively large as compared with the per capita supply of beef. "From a demand standpoint, however, the opposite situation prevails with regard to hogs. More consumers are moving into income brackets that encourage consumption of more desirable products such as more beef. The most significant loss of demand has been for lard and fat cuts of pork. This has been brought about by increased competition from vegetable fats and oils. Soap production has shifted to detergents and has become less a floor under the fat market. Salt pork consumption is down in the South.

"All these factors taken into consideration result in a relatively low composite price for hog products which in turn is reflected in correspondingly lower live hog values.

"IN THE CASE of cattle and beef, the demand has shown greater improvement. Best breeding herds of higher quality and increased grain finishing have produced a more desirable product whereas any improvement in hogs has been primarily in the field of processing.

"It might be pointed out that all live stock prices are highly inflated but with other factors held constant, inflation applies to hogs as much as to cattle. Inflation is slightly more significant in the case of stocker and feeder cattle. During a period of expansion and strong local demand, the value of such cattle becomes relatively high as compared with slaughter cattle.

"This does not enter into most price comparisons but does have considerable bearing on production policies and feeding limitations. In making price comparisons on a live animal basis, hogs are in a very vulnerable position. They produce a product that normally involves considerable processing. Thus, added distribution costs are passed back to hog farmers in the form of lower live hog prices. That trend has been significant during the past few decades. So the price spread between the hog producer and pork consumer has been increased greatly."

## Four topics listed for custom sprayers' school

Insect control, preharvest sprays, brush control and airplane seeding of crops are the four main topics to be discussed at the 4th annual custom sprayers' training school, says program chairman H. B. Petty. The school will be held January 24-25 in the Illinois Union at the University of Illinois.

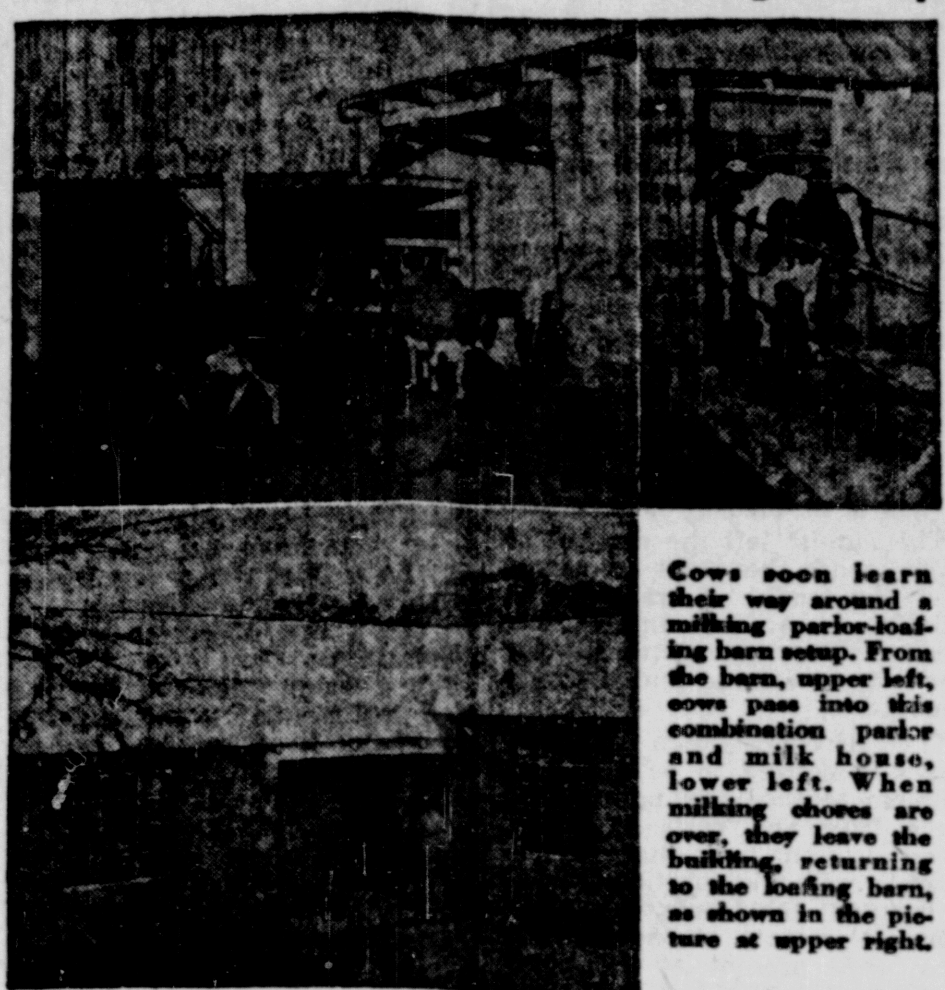

Petty, who is insect specialist in the Illinois College of Agriculture and Illinois Natural History Survey, says the school is open to dealers, salesmen, manufacturers' representatives, and others, as well as to sprayers. There is a \$1.00 registration fee. Sponsors are the colleges of agriculture and veterinary medicine, the institute of aviation and the survey.

## Cows Get Their Own "Parlor" When Farmers Use Loose Housing Setup

Cows soon learn their way around a milking parlor—loose housing setup. From the barn, upper left, cows pass into this combination parlor and milk house, lower left. When milking chores are done, they leave the building, returning to the loafing barn, as shown in the picture at upper right.

By IRA MILLER  
Farm Electrification Bureau

It's too bad cows can't talk. We should then know what they have to say about loafing barns and milking parlors. As it is, studies will have to speak for them.

Under this method of handling dairy cattle, cows can roam at will in their loafing shed or barn, unhindered by stanchions. At milking time, they parade into a "parlor" to be milked. Stanchions in the milking structure often are on a raised platform to make the milking chore easier to perform.

Loafing barns are cold, usually kept open to the weather on one side. In one recent test, the temperature in the barn dipped to zero without

causing any drop in milk production. What the minimum is, nobody seems to know, as yet. It is true, however, that warm barns are not suitable for loose housing, since bedding becomes soggy and wet. On the subject of the bedded area, experts say that 60 to 70 square feet per cow is satisfactory.

Milking parlors, connected or adjacent to the loafing barn, normally are well insulated. Since they include the milk handling room, they can be as well equipped as the farmer desires. Some have conventional milking machines; others have facilities for piping the milk from the cow directly into milk cans, located in electric coolers. Running water and electric water heaters in the milk house will help keep milking utensils as spotlessly clean as the farmer wants them to be.

## LAW on the FARM

Your county court

To most people a court is a place where you find yourself if you are in trouble. "He was hauled into court" is a common expression. This idea is only partly correct, and when applied to the county court it is even more fallacious. While it is true that lawsuits of many kinds can be commenced in the county court, the circuit court is more likely to be used as a trial court. But the county court fills a unique and important spot in the administration of our local laws and government. As a result of legislation, the county court is charged with a diversity of duties, none of which necessarily involves conflicts or lawsuits. Here is a list of some of these responsibilities:

1. Most drainage districts in Illinois are organized under the jurisdiction of the county court; petitions are received, hearings conducted and determinations made by the court.

2. Wills are probated and estates administered under the direction of the county court.

3. Guardians are appointed by and act under the scrutiny of the court.

4. Proceedings for the collection of taxes and assessments are commenced in the county court.

5. The county court may, on proper evidence, declare a person incompetent and appoint a conservator.

One important adjunct of the court is the county clerk, in whose office are maintained probate administration, drainage and tax records and many other records — birth, death, marriage — which the law requires to be kept.

County judges, one must agree, need to be well informed not only about the law, but about many other matters as well. Their term is elective for a four-year period. The next time you have an opportunity to vote, you might try matching the candidates against the various qualifications required to properly do the job.

## Milk payments

Cook-DuPage county dairy farmers have received \$7,533.79 for milk delivered to Bowman dairy company receiving stations during the month of December. Monthly figures are sent to this newspaper as soon as they are compiled at Bowman's general office.

## Legume and grass supplies ample

There is plenty of legume and grass seed on hand for 1952 seedings, except for a relatively short supply of lespedeza, according to J. C. Hackleman, University of Illinois agronomist.

Supply of Ranger and Buffalo alfalfa seed has almost doubled over 1950; Kenland clover has shown a phenomenal increase — from 200,000 pounds last year to 2,500,000 pounds this year; Ladino clover supply is one-fourth larger than it was a year ago; and red clover, alsike, sweet clover, timothy, bromegrass, and tall fescue are all plentiful.

Hackleman says the lespedeza seed crop throughout the country was below the 1950 crop and below normal. That's the only shortage in sight.

**TOTAL ALFALFA** supply of about 123 million pounds is 8 per cent larger than a year ago. Supplies of Ranger jumped from 4,300,000 pounds in 1950 to about 9 million pounds this year, and Buffalo from 1,750,000 pounds to at least 3,500,000 pounds. However, a rather tight supply situation has developed for Buffalo.

Red clover apparently is in adequate supply. The crop is 10 per cent lower than last year but 33 per cent above the 10-year average.

With 2,500,000 pounds of Kenland clover seed on hand, Hackleman says this is probably the first time there has been enough to meet a fairly large share of the demand.

**THE SUPPLY** of at least 13,000,000 pounds of Ladino clover exceeds last year's demand. Sweet clover supplies are considerably above the 10-year average, while alsike is slightly below.

Of the grasses, bromegrass supplies total 20,000,000 pounds, or almost twice the 5-year average. The 16,000,000 pounds of tall fescue seed is almost double the 1949 crop. And the timothy supply of about 72 million pounds is up 12 per cent over last year.

## Disease causes most abortions in your cattle

Don't be too quick to put the blame for an abortion in your dairy herd on an injury—it may be caused by disease.

Dr. H. S. Bryan of the University of Illinois College of Veterinary Medicine, says brucellosis, vibriosis, trichomoniasis and leptospirosis are frequent causes of abortion.

"Too often abortion is blamed on cows being butted into a fence post or slipping on the ice," Dr. Bryan says. "Actually abortion seldom is caused by outside injury."

**BRUCELLOSIS** is the most frequent and costly of the four diseases. It occurs in about 25 per cent of Illinois dairy herds, causing decreased milk production, abortion and sterility. Leptospirosis, the most deadly of the diseases, may also kill the cow.

Vibriosis and trichomoniasis frequently cause sterility and abortion. Trichomoniasis, caused by a tiny parasite, is usually cured by a 90-day breeding rest and proper medical care.

Call your veterinarian as soon as abortions occur. Or take the calf and attached membranes to a diagnostic laboratory, where tests will be made to find which disease is causing the trouble. Then treatment and a disease control program can be started with the aid of your veterinarian.

## Most important is to pick good crop rotation

The most important farm management decision that many farmers will ever make is to pick a good rotation of crops on all tillable land.

That's the view of M. L. Mosher, retired University of Illinois farm management specialist with 45 years' experience. Here are his five ideas regarding profitable corn-belt rotations:

1. Grow as much of the highest profit crops as a sound soil conservation program will permit. On grain farms a profitable rotation would include as much corn, soybeans and wheat as sound soil conservation practices would permit. On livestock farms high-profit crops are corn and alfalfa.

2. **ROTATE CROPS** in the different fields so that corn will always follow immediately after a good soil-building legume, such as alfalfa or sweet clover. Corn needs a lot of nitrogen, which can be supplied cheaply by alfalfa and sweet clover.

3. On all land subject to erosion, or running together, include a fibrous-rooted grass in the legume-grass mixture for two or more successive years in each rotation. Bromegrass is fine.

4. The crops in a good rotation must rotate from one field to another. Therefore divide the cropland into as many fields as there are crop years in the rotation.

5. **MAKE CROP** and hay and pasture acreages adjustable to unusual weather, insect and disease conditions; to prospective feed-livestock ratios; and to national emergencies.

Mosher suggests no specific rotations. Each farm is such an individual problem that each farmer can best make his own choice with these five points in mind and with help from a specialist.

## Urge farmers to enroll now for March of Dimes

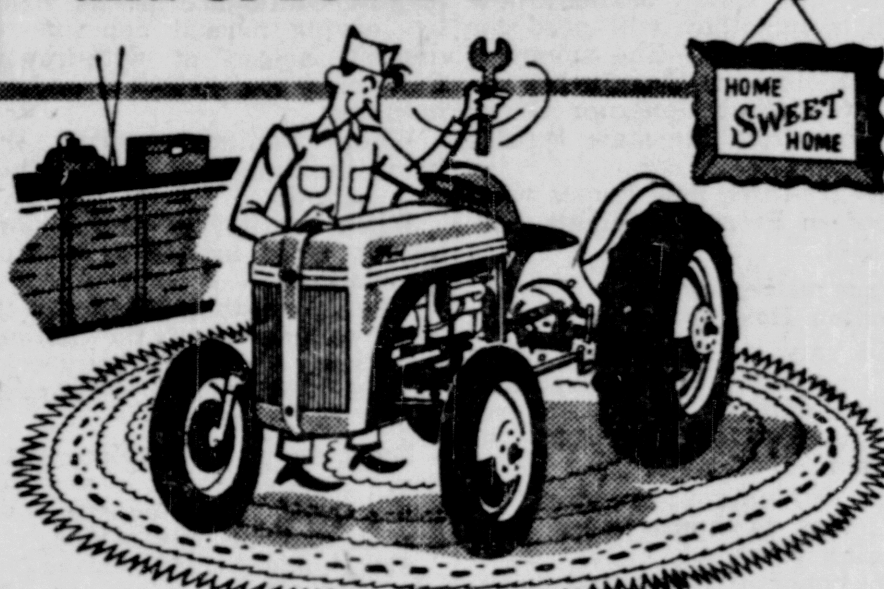

Reminding farmers that almost one-third of the polio cases in Illinois during 1951 were in rural areas, Charles B. Shuman, president of the Illinois Agricultural Association, urges farmers and

rural folks to participate in the 1952 March of Dimes now underway.

Figures from the state office of the National Foundation for Infantile Paralysis show there were 1,700 cases of polio in Illinois last year. Of these, 560 were in rural areas.

The 1952 March of Dimes drive began January 2 and continues throughout the month.

## Suggest farmers order trees for spring windbreak plants

New prices are available on nursery trees suitable for farm windbreak planting.

Farm Adviser Carl F. Mees suggests that you check the prices, decide how many trees you want of the variety you choose and then order them as soon as you can. That's the only way to be sure you'll be able to get the trees you need at planting time next spring.

Farmstead windbreaks can satisfy definite needs of most Cook county farm homes, Mees says. A good, well-placed windbreak traps drifting snow and prevents drifts from blocking drives, gates and doorways.

Another feature of a good windbreak is that it slows the cold northwest winds in the wintertime as they blow across the fields. Breaking up wind blasts saves you fuel, reduces feed costs and makes your outdoor work around the farm more comfortable. A good windbreak also adds to the landscaping values and appearance of your farmstead.

Douglas fir and Norway spruce are the two most common windbreak varieties in Illinois, because they keep their heavy foliage through the winter and they have the most dense foliage of all the evergreen species adapted to this climate which grow to desirable heights.

These varieties are available only from commercial nurseries.

January 26

Lenard Grimmer will hold public auction Saturday, January 26, located on Elmhurst rd., 1/2 mile north of Higgins. Complete listing Jan. 18 issue.

## Wilson Community

Registration for primary election will be held January 14 at Sinclair gas station, State and Rand rds., from 7:30 to 9:30 p.m. for all newcomers in this district who have not previously registered from their present location.

Institute day will be held locally at the Arlington Heights high school for teachers of this area all day Friday, January 11. The children will have no school on this day.

The next PTA meeting will be held Friday evening, January 11, at the Wilson school. Following the business meeting, two short films will be shown on Lake Louise and Banff and the Grand Canyon. The eighth grade students will have a bake sale at the close of the meeting.

The Pinegate Improvement Association held their annual meeting of officers January 4 and the following were elected:

Charles Rapp, president; Richard Daley, vice-president; Jim Benedetti, treasurer, and Paul Wallgren, secretary. This association wishes to thank the Arlington Heights, Palatine, Mount Prospect and Prospect Heights Fire departments for their splendid efforts in fighting the fire which consumed the Fitzpatrick residence last week.

Pinegate does not have any regular fire protection, but efforts are being made on the part of the association in this regard. Lynn Coates, fourth grade student at the Wilson school, won the fourth and fifth grade spelling contest held at the school during the months of November and December, and Miss Klehm presented her with a beautiful silk scarf as her reward. Another contest will be held next month. A new map has been purchased by the school board for the primary room. It consists of maps of the continents, the United States and Illinois.

Mrs. John Ernst Jr. and daughter, Susan, left today after Christmas for Oakland, California, to visit Capt. John Ernst who has been stationed there since October. They plan to return the latter part of next week. Susan, a third grade pupil at the Wilson school, is having the time of her life seeing the sights in Oakland and San Francisco. She was especially thrilled with the Oakland Bay Bridge and the cable cars of San Francisco.

Mr. and Mrs. Sidney Bradbury left for Delray Beach, Fla., December 31, to spend a few months with their daughter and son-in-law, Mr. and Mrs. Ray Barronbrugge, and their granddaughter, Penny.

Mayrene Schroeder celebrated her tenth birthday Saturday with a party in her home. Those attending were Bonnie Schwartz, Lynn Coates, Donna Smart, Pat's Costellanos, Alice Simmonds, Karen Best, Marilyn Zibilski, Carol Lynn Klehm, Eileen Sundquist and Paula Ann Kottke.

Happy birthday to Harold Simmonds, who will be 9 years old January 18.

Mr. and Mrs. Gilbert Klehm have just returned from a three and one half week trip to Florida and Havana. While Chicagans were experiencing one of the snowiest and coldest holiday seasons in the weather history, the Klehms said that it was almost too hot for comfort in Florida and Cuba. They visited the U. S. Oligers, formerly of Hintz rd., and now living in Lakeland, Fla. Mr. Olinger has completely recovered from a broken back which he sustained in a fall from a grapefruit tree shortly after they moved to Florida.

Seven ladies attended the first meeting of the first aid class given at the Wilson school last Monday evening under the direction of Mrs. Jean Beckway. This is a nine week course, and classes will be held each Monday evening from 7:30 to 9:30. Those wishing to join may do so next Monday evening, and Mrs. Beckway will review the previous lesson for their benefit.

Mrs. Beckway stressed that all students be ready for class at 7:30.

## TAX FACTS

By George Mahin, Executive Secretary  
Taxpayers Federation of Illinois

The next move is up to the taxpayers, now that the December 31 deadline has passed for all local governments except townships and schools to establish tax rate limits for their various funds by ordinance or resolution as provided by the new Hodge-Downing tax limitation act.

Many cities, villages and incorporated towns have taken advantage of the power given by that new Act to raise the limit on their corporate fund tax rate by 10%. The taxpayers in such municipalities still have the power, however, if they are not convinced as to the need for the additional taxing power, to force a referendum on the proposed increase by filing a petition on or before February 29 with the clerk of the municipality, signed by at least 5% of the voters of 1000, whichever is the smaller number. If no such petition is filed, the higher rate becomes effective March 1 and will be reflected in tax bills paid in 1953. If a petition is filed, then the higher rate will not become effective unless approved by the voters at a referendum to be held on or before May 31.

**THE TAX RATE** for the corporate fund of cities, villages and incorporated towns is the ONLY rate that can be legally increased at all under this Hodge-Downing Act without the consent of a majority of those voting at a referendum. No city, village or incorporated town can legally increase the rate limit for any fund except the corporate fund without submitting the proposed increase at an election. The corporate fund can't be legally increased by more than 10% without a referendum, whether a petition is filed or not. No other local government can legally increase the limit for any fund, including its corporate fund, without an election.

However, there's a catch to this in the word "legally," and taxpayers need to be on their toes this year to protect themselves against illegal votes. Suppose a local government certifies tax rate limits to the county clerk which in fact are higher than legally authorized by the limitations in the new Hodge-Downing Act. In most such cases, the county clerk will protect the taxpayers by reducing such rates to the proper limit. However, if a county clerk should refuse to reduce such rates, then the taxpayers have the following alternatives: (1) persuade the local government officials to correct the rate limit by filing an amended ordinance or resolution with the county clerk; or (2) seek an injunction to restrain the county clerk from using the excessive rate in computing taxes; or (3) pay the excessive portion of the tax bill under protest.

## Lessons In English

### Words Often Misused

Do not say, "Please do this right away." It is much better to say, "Please do this at once (or, immediately)."

Avoid the use of "capacity" to express "ability." "Ability" signifies any kind of power, while "capacity" is properly only the power of receiving something. John has the ability to type-write well, but not the capacity for details of spelling and punctuation.

Do not say, "There is quite a little candy left in the box." Quite means wholly or entirely, as, "You are quite mistaken."

Do not say, "Morgan replaced by Sanders as editor of the paper." Say, "Morgan succeeded Sanders as editor."

Do not say, "All of the people went outside of the house." Omit both of's.

Do not say, "I am anxious to see him," when you mean, "I am eager to see him." You can say, "I am anxious about my wife's health," which expresses worry.

### Words Often Mispronounced

Buoy, Buoyancy, buoyant. Preferred pronunciation of first syllable is boo, oo as in boat.

Chastisement. Accent first syllable, not the second.

Affluent. Accent first syllable, not the second.

Chicanery. Pronounce shi-kah-er-i, both i's as in it, the a as in cane (not as in can), accent second syllable.

### Words Often Misspelled

Refugee. Accent is on last syllable, not the first.

Combustant. Accent is on first syllable, and not the second, as is so often heard.

Ever (poetical contraction of ever); ere (before); err (to go astray); crews (ship's companions); cruise (to sail about); cruse (a pitcher); Chenille (a fabric); observe the ill. Cockcomb (a plant); coxcomb (a conceited fellow); Fakir (a deceiver or swindler); fakir (Mohammedan ascetic). Seize, observe the ei; siege, observe the ie.

### Word Study

"Use a word three times and it is yours." Let us increase our vocabulary by mastering one word each day. Words for this lesson:

Imperceptible; not capable of being understood by the senses or mind. "One's lapse into indolence can often be imperceptible."

Impunity; exemption from punishment, harm or loss. "It seems he can speak with impunity on any subject."

Bellicose; warlike. "Why do men persist in adopting these bellicose attitudes?"

Augment; to enlarge or increase in size, amount, or degree. "Rain augments a stream." "Anger augments a dispute."

Motivate; to provide with a motive; to impel. "What were the causes which motivated these deeds?"

## Modern Etiquette

Q. How would a bride-to-be word a formal note of acknowledgment and thanks for a wedding gift?

A. "Dear Mrs. Brown: It was more than sweet of you and Mr. Brown to send us such a lovely (whatever it was). Thank you very much. Looking forward to seeing you on the tenth. Very sincerely, Mary Jones."

Q. When a girl has been dining in a public place with a man, and they are preparing to leave the table, should she immediately begin to put on her wraps?

A. No; she should always wait for her escort or the waiter to assist her.

Q. When eating a biscuit and jelly at the table, should the jelly be applied to the biscuit with the fork?

A. No; use the knife.

Q. When one is eating meat, should only one piece be cut at a time?

A. Yes. When eating either meat or poultry, cut a small piece and convey it to your mouth. Never cut up the entire portion of meat into numerous pieces. This is considered crude.

Q. How long should a woman remain when making a social call on a new neighbor?

A. From 15 to 25 minutes is quite long enough.

Q. Is it all right to announce a wedding engagement at a tea or card party?

A. Certainly; this is often done.

Q. When drinking any kind of refreshment at a social affair, should a little of the drink be left in the glass?

A. One may certainly drink all of it. But one should avoid throwing back the head, or turning the glass upside down to drain it.

Q. How should gifts and flowers received during an illness be acknowledged?

A. If the patient is too ill to acknowledge the gifts promptly, notes of thanks should be written as soon after recovery as possible.

Q. Who should pay for the bouquet of the maid of honor at a wedding?

A. The bride's family pays for this.

Q. I know of one person who makes a habit of placing his hand on a person's arm while talking with him. What do you think of this?

A. This may be a friendly gesture, but it is very annoying to some people, and it is better to avoid the reputation of being a "pawer."

Q. Is it all right for a person to butter an entire slice of bread at a meal?

A. No; the bread should be buttered only a small piece at a time.

## Bond sales up

Americans bought a greater number of Series E Defense Savings Bonds in 1951 than in any year since 1946. In the first eleven months of 1951 they purchased 18% more \$25 and 5.2% more \$50 E Bonds than in the corresponding period of 1950, due chiefly to the expansion of the Payroll Savings Plan as part of our defense program. For all denominations combined, the gain was 9%. Incomplete figures for December indicate further gains.

**Record attendance at  
Museum of Science**

Attendance at Chicago's Museum of Science and Industry during the past year increased by approximately 10 per cent over the previous record of 1950. Total for the years as of December 24 was 1,838,727. Attendance for 1950 was 1,669,379.

While September 7 was the highest single day's attendance during the past year with a record 27,705, December 2 and September 3 (Labor Day) were almost as high with 25,196 and 24,076 respectively.

July was the first month in the Museum's history to see more than a quarter of a million visitors but its record of 256,372 was immediately broken in August with 293,096. This brought the total record of summer visitors, of whom 65 per cent were out of town, to 707,904.

Group attendance of school children also set new records during the year with 4,096 groups from 34 states totaling 168,160 school children representing all grade levels.

**Presenting the Younger Generation**

**Musical doll**  
Bright smiles are frequently found on this happy baby's face. He is James Stueve, 8½ month old son of Mr. and Mrs. John Stueve of 160 S. York st., Bensenville.

This little fellow has blond hair, blue eyes and has mastered the words, daddy and bye-bye. A musical doll that plays a lullaby is his favorite toy. "It is the only thing that pacifies him when he gets fussy," explained Mrs. Stueve. Jack, 8 years old and a second grader at the Green street school, is James' big brother. Mr. and Mrs. George Boldebuck and Mrs. Bertha Stueve of Bensenville are the grandparents.

**Wee mother**  
There is a little mother in the George Bruck family of 810 N. Princeton, Arlington Heights. She is 2½ year old Pamela, the smiling young lady pictured above.

"Pamela is always around when her 3 month old sister, Debra, is being dressed or bathed," said Mrs. Bruck. "She helps me dress and bathe her." Then this little miss puts her doll through the same motions. Pam requested a washing machine from Santa so she could wash all her doll clothes. Also, she hoped for an ironing board and a real electric iron.

Howdy Doody is the favorite TV show of this brown haired, blue-eyed girl.

**Flower girl**  
With flowers in her hair and a sweet smile on her face, Linda Lou Milner posed for this picture. She is the 3½ year old daughter of Mr. and Mrs. T. R. Milner of 1514 W. Euclid ave., Arlington Heights. Linda has blonde hair and hazel eyes.

With piles of snow on the ground it doesn't give Linda much chance to be in her garden, but that was her favorite spot last summer. "Linda practically knew the name of every flower and vegetable in the garden," stated Mrs. Milner.

This youngster told Santa that she would like a walking and talking doll for Christmas, but added that she knew it would cost too much. Mrs. Kate Wirth, residing with the family, is the maternal grandparent.

**Future engineer**  
And pictured last is Ricky Fanner, 5¼ year old son of Mr. and Mrs. J. F. Fanner of 640 S. Beverly Lane, Arlington Heights. He has brown hair, deep brown eyes and is packed with pep. Perhaps there will be a future engineer in the Fanner family.

"Ricky is mechanically minded and loves to build things," said his mother. His request from Santa was an electric train.

Sally, 2 years, is Ricky's little sister. "They are great pals," stated Mrs. Fanner.

**After 15 years**  
**Social security hails birthday, tells of 62 million now insured**

by ELLEN McGUIRE

You've been making weekly payments on social security for 15 years, now, if you're one of the charter members. A charter member is anyone who has been working in commerce or industry since 1937.

The fifteenth anniversary date for social security was last week—a good time to stop and look at the growth of the world's biggest insurance program that now provides a measure of basic security for three out of four people who work.

Although the program was inaugurated January 1, 1937—a decade and a half ago—the first monthly benefits were not paid until 1940; in that year 41 million dollars was paid to beneficiaries. In 1951—the fifteenth year of operation—1,900 million dollars (\$1.9 billion) went to retired workers and their families, and to the survivors of insured workers who had died. At the close of the year, nearly four and one-half million persons were receiving monthly benefit payments under this Federal insurance system.

**THE GREATEST** significance of the program as it stands today, however, is not in benefits now being paid but in the number of workers now insured, and the benefits that will go to them and to their families in their old age, and to their dependents in case they should die. The total number of persons now insured is 62 million. Of these, 23 million are already permanently insured. Whether or not they ever work any more in employment or self-employment covered by the social security law, they and their dependents will be entitled to old-age and survivors' insurance payments. Thirty-nine million other people are fully insured at this time, but must do more work covered by the law in order to maintain this personal and family insurance protection.

One out of every four people aged 65 or over is now getting old-age benefit payments.

One out of every three widows and fatherless children is now getting survivors' benefit payments.

Three out of every four breadwinners are now employed or self-employed in work covered by the social security law. Through such work they are now building life insurance protection under social security for four out of every five mothers and children in the Nation.

**JUST HOW MUCH** is this protection that you and nearly all other workers are building? Obviously, it will not match the earned income stopped by old age or by death. However, the social security law, as amended in 1950, brings benefit rates in

closer relationship with current dollar value. These increases in monthly benefits range from 49% to 100%. The minimum payment of \$10 was doubled; the \$46 which was the maximum payable to a retired insured worker in August 1950 was raised at once to \$68.50. By the end of this year, 1952, the retiring worker may receive as much as \$80 for himself or \$120 for him and his wife. It is now possible for a monthly benefit payment to a family to be as much as \$150.

Now let's get another perspective of this Federal insurance picture, and look at it in terms of average payments. The average payment for a retired insured worker—man or woman alone—is now \$40; the average benefit payment to a retired worker and his wife over 65 is now \$69.60. The average survivor's benefit payment to a widow over 65 is \$36, while the average monthly payments for a widow and two children is now \$91. These averages apply to people now on the rolls, many of whom worked irregularly or for wages for lower than now being paid.

**About Your Health**

A cough is only a symptom, not a disease. It is a signal that something is wrong in the body's respiratory tract, or breathing tube. If a cough persists too long, consult a physician, the Educational Committee of the Illinois State Medical Society warns in a Health Talk.

An obstruction such as a food particle or other object in the respiratory passage will evoke a cough. It is nature's reflex effort to clear the passage so that breathing will be unhampered. Such a cough is simple and transient.

Irritation in the throat or lower passages, however, during a cold or other infection, such as whooping cough, the distress of asthma, excessive smoking or low humidity and resultant dryness, continually, act in the same way. A cough, however, may also be produced by more serious conditions, such as tuberculosis or cancer. A cough therefore is not something to be ignored. Coughing is frequently associated with a collection of dust, broken-down tissue or mucus or other secretions that may come from the cells that line the breathing passages. In the coughing process, these secretions are expelled and removed, another important reason why the cough should be investigated and cleared up. Persons exposed to an uncovered cough are likely to pick up the germ present in the material that is expelled. Thus any cough should be shielded.

**A PERSON** suffering from a persistent cough is more susceptible to fatigue. The constant hacking cuts down rest, affects the larynx or voice box, irritates the tissue of the respiratory tract, leaving the body tired and too weak to reject disease-producing germs.

Chronic bronchitis may be indicated by a prolonged cough. The condition, in the majority of cases, is often secondary to an infection elsewhere, such as in the nose, the throat or particularly the sinuses. Mucus draining into the throat may cause irritation so strong that the victim may involuntarily cough repeatedly to bring up the material. When the mucus is expelled, the victim is more comfortable until the next bout comes through the same process.

In some persons, persistent coughing will produce hoarseness, a symptom of inflammation of the larynx. Prolonged hoarseness, i.e., lasting six weeks or more, is a serious symptom suggestive of cancer and must not be disregarded.

**WHILE THERE ARE** many measures that can be followed to relieve the coughing victim, such as inhaling steam from water to which a few drops of tincture of benzoin have been added, remember that they produce temporary relief only, without removing the cause of the cough.

Any persistent cough should be investigated. A physical examination by a competent physician will elicit the cause and give a basis for treatment. Material coughed up will be examined to determine the nature of the infection and its location, whether in the nose, the adenoids, or the sinuses.

It must be remembered that the cough is a signal of a disturbance in the body. Many conditions may exist, such as tuberculosis, cancer or foreign bodies in the lungs. The majority of coughs, however, do not stem from such serious conditions.

Don't let a hacking cough tear down your bodily resistance. Let your doctor determine the cause. And then, under his supervision, rid yourself of the nuisance. Taking care of yourself will help to protect others.
